Load Nerve Gas On Old Freighter For Final Trip

By HOWARD BENEDICT
Associated Press Writer
SUNNY POINT, N.C. (AP) — Stevedores today begin loading 418 steel-jacketed vaults of nerve gas aboard an old Liberty ship which will become a tomb at the bottom of the sea for the deadly chemical.

Senate Faces Crucial Vote On ABM Net

WASHINGTON (AP) — With the outcome too close to call, the Senate faces a crucial vote on restricting the Safeguard antiballistic missile system, amid warnings a vote against the ABM will be counted a vote against President Nixon.

Supporters of Safeguard claimed victory Tuesday morning, but by nightfall the situation was so cloudy no one was sure even which of two amendments would be used to attack the ABM system.

The vote was scheduled at 3:30 p.m. today.

The vote assured a new Senate-White House confrontation a day after Nixon vetoed two domestic spending bills because they exceeded his budget by more than \$1 billion.

Most senators opposed to Safeguard have contended the billions it may cost—\$50 billion by the estimate of one critic—could better be used to ease homefront crises.

The pending \$19.2 billion military procurement bill contains \$1.4 billion for Safeguard during the next fiscal year.

Announcements by three Democrats only added to the confusion about the outcome of the ABM vote.

Sen. Jennings Randolph, D-W.Va., and Sen. Clinton Anderson, D-N.M., announced they will vote for an amendment which prohibits extension of the ABM to two more sites requested by Nixon. The amendment is sponsored by Sens. John Sherman Cooper, R-Ky., and Philip A. Hart, D-Mich.

Airline Pays Off To Halt Bomb Threat

SEATTLE (AP) — A Western Airlines plane with 118 aboard circled Seattle-Tacoma International airport Tuesday night while officials on the ground paid \$25,000 after a telephoned bomb threat. No bomb was found.

Howard Clifford, public relations spokesman for the airlines, said today that Western officials received a bomb threat after Flight 722 left Anchorage, Alaska, for Seattle. The caller demanded \$25,000 before he would tell where the bomb was and how to disarm it.

"A bank messenger made the payment on an Anchorage street," Clifford said. He said he did not know whether the messenger delivered the money to an individual or left it for later pickup.

The plane circled Seattle-Tacoma airport while officials waited for a call from the man who made the threat. No call was received. The plane was searched in the air and no bomb turned up on the Boeing 720.

The FBI is investigating.

rolled into this military port Tuesday night and early today after uneventful trips from Army arsenals at Anniston, Ala., and Richmond, Ky.

After the trains have been inspected, dock workers are to use 50-ton cranes to transfer the concrete-and-steel coffins to the Liberty ship, a relic of World War II brought out of mothballs for the assignment.

The loading is expected to take two or three days. Then the government plans to have Navy tugs tow the 442-foot vessel, the LeBrannon Russell Briggs, to a point in the Atlantic 282 miles east of Cape Kennedy, Fla. Valves and gas drains are to be opened to let in water so the Briggs will sink 16,000 feet to the bottom.

The scuttling is expected next Tuesday. But the tugs, accompanied by a destroyer escort and Coast Guard cutter, will not leave port until they have a 96-hour prediction of good weather. The Army and Navy want to accomplish the job before September, usually the most active month for hurricanes in the Atlantic.

Each of the concrete coffins, capped by a quarter-inch layer of metal, contains 30 M55 nerve gas rockets, a total of 12,540.

The gas is called GB, or "Sarin," and is capable of killing a person in minutes after attacking part of the central nervous system. It is in liquid form but would quickly turn to gas if it escaped.

In addition to the GB gas, sealed in one of the Anniston coffins is a 10½-pound container of X nerve gas, the substance that is believed to have killed 6,400 sheep when tested at a Utah proving ground in 1968.

Army chemical experts and the National Academy of Sciences say the gas, manufactured during the Korean War, must be disposed of quickly because the rockets are deteriorating. It is believed the gas is seeping into the rockets' propellant chambers, with possible danger of detonation.

The only disposal method that can be achieved quickly, the Army says, is to place the vaults aboard the ship and sink it. To destroy the supply with an underground nuclear blast, for example, would require 15 months' preparation.

There has been opposition from U.N. Secretary-General U Thant, a few congressmen, and Florida Gov. Claude Kirk, who filed suit Tuesday in U.S. District Court in Washington.

The suit, filed jointly with the Environmental Defense Fund, asks that the Army be required to prove that the dumping site is the best possible location and that the scuttling plan is the safest disposal method.

Lawyers for Kirk and the fund said they would appear in court today to ask for a temporary restraining order pending settlement of the suit.

Columbus Ship Santa Maria Believed Found

MIAMI (AP) — Two experts in marine archeology will travel to Haiti this weekend to help a group of explorers and businessmen seek evidence that the Santa Maria, long-lost flagship of Christopher Columbus, has been found.

The explorers and businessmen, led by Fred Dickson of West Palm Beach, say they believe a coral-encrusted wreck in about 15 feet of water off Cap Haitien on Haiti's north coast is the Santa Maria.

"We are now 95 per cent sure we have found the Santa Maria," said Herman W. Kitchen, codiscoverer of the wreck. Items removed from the wrecked ship at the site have been dated by scientific techniques and apparently are from the Columbus era, the team reported.

WHO'S AFRAID OF NERVE GAS?—All the hullabaloo about the danger of the U.S. Army's nerve gas being transported through populated areas didn't keep this sizable crowd from gathering to watch it being hauled through Bremen, Ga.

State Treasurer Claims Construction Loans Legal

COLUMBUS, Ohio (AP) — State Treasurer John D. Herbert said Tuesday the \$5.4 million in speculative housing loans to Almour Securities Co. of Cleveland are legal and fully insured by the Federal Housing Administration.

Herbert said he had conferred

with Newton Jones, an officer of the regional FHA office in Columbus, "and have been reassured that FHA has completely insured the loans . . . since the original disbursement of funds were made on the investment in April."

Franklin County Prosecutor

C. Howard Johnson ordered an investigation of the loans following news accounts that the loans appeared to be unsecured and might be illegal.

Johnson, now conducting a special grand jury investigation into state investment practices said, "We'll look into the facts and inform the grand jury."

Almour, according to the Cleveland Plain Dealer, secured the loans for its parent firm, Citizens Financial Corp. of Cleveland for financing apartment projects in Columbus and Newark.

The Plain Dealer quoted a Citizens Financial director who said there was nothing improper about the loans because the FHA loan guarantee was transferred from Almour to the state.

The newspaper also quoted an FHA official who questioned whether such a guarantee could be transferred to the state.

Edwin Davis, FHA deputy director in Columbus, said there is no state money in jeopardy. He added, "I don't think Ohio is an approved mortgagee under the technical terms of FHA, but our contract with Almour is good as gold."

The Plain Dealer plus the Mansfield News Journal and Akron Beacon Journal accounts questioned whether the federal government would guarantee the 11.5 per cent interest rate called for in the loan.

Davis said FHA guarantees loans up to 8½ per cent interest.

The News Journal reported that sources in the state auditor's office also strongly questioned whether there was a guarantee by the federal government because the loans were on construction of housing. The paper quoted Davis as saying, "FHA does not insure construction loans from the state treasury."

He emphasized though Tuesday that while no state money is in jeopardy, there is a technicality "whether the state has a secured loan with FHA."

Brandt, Kosygin Sign Peace Pact In Moscow Rite

MOSCOW (AP) — Chancellor Willy Brandt of West Germany and Premier Alexei N. Kosygin today signed a nonaggression treaty, the keystone to Bonn's efforts to improve relations with Eastern Europe.

Foreign Ministers Andrei A. Gromyko and Walter Scheel of West Germany added their signatures to the documents, which they had initialed last week.

Most of the 11-man politburo attended the brief ceremony in the Kremlin's Catherine Hall. They included Communist party General Secretary Leonid I. Brezhnev.

Heavy War Action Continues Around Fire Base O'Reilly

SAIGON (AP) — South Vietnamese forces battled the North Vietnamese for the fourth day today at Fire Base O'Reilly, in the northern part of the country, and claimed 96 enemy killed in two battles in the south. But Saigon's forces suffered heavy casualties in one of the latter engagements.

A company manning an outpost about a mile south of O'Reilly beat back an attack before dawn by a North Vietnamese company and reported 10 of the enemy killed. The defenders said two of their men were wounded.

Military spokesmen said contact with the North Vietnamese continued during the morning.

The artillery base 27 miles west of Hue has been under mortar and automatic weapons attack since Sunday by massing North Vietnamese troops who also have made several probing ground attacks against outposts. The base and its outposts are defended by a 665-man battalion from the South Vietnamese 1st Division, supported by Ameri-

can helicopter gunships and fighter-bombers.

The enemy force in the area is estimated at 1,500 men.

O'Reilly is one of five mountain artillery strongpoints strung along North Vietnamese supply and infiltration routes to the populous coastal lowlands to the east.

South Vietnamese infantrymen fought another engagement Tuesday in the Mekong Delta 43 miles southwest of Saigon. The government's military headquarters reported 51 Viet Cong killed, 28 of them by helicopter gunships, and said there was only one government casualty, a wounded man.

In Cambodia, the Cambodian military command reported that government forces drove off an enemy attack on Dang Kor, within five miles of Phnom Penh. It was the third attack in five days within rocket range of the Cambodian capital, and observers there expect the Viet Cong and North Vietnamese to begin shelling the city soon.

Coffee Break...

YOUNG PEOPLE over 17 years old may now give blood to the Red Cross Blood Bank for the first time. Mrs. Leonard Korn, executive secretary of the Red Cross chapter here, announces . . .

Until last month, anyone under 21 had to have parental consent . . .

The Blood Bank mobile unit will come here Friday . . . It will be set up in the First Presbyterian Church again from 10 a.m. until 4 p.m. . . .

The quota is 150 points, the same as it has been for several years . . . The Business and Professional Women's Club, the sponsor for this visit, reported 150 donors have been signed up . . . But Mrs. Korn said at least 200 are needed to assure the quota . . .

She added that employees of the industries and walk-ins are being counted on to bring up the total . . .

Kidnap-Death Case Is Sent To Grand Jury

COLUMBUS, Ohio (AP)—The case of Elaine Ridley, 21, accused of kidnapping 11-month-old Eric Willis July 25, was sent to the grand jury after a preliminary hearing in Municipal Court Tuesday.

The child was found dead beside a railroad track Aug. 2. Miss Ridley, reported to have been a former girl friend of the child's father, was charged later with abduction resulting in death — a capital crime which carries a maximum sentence of death upon conviction.

Police have not disclosed a motive, if any, for the abduction, but the preliminary hearing disclosed they are relying heavily on testimony of a 21-year-old east sider, Angelo Moody.

Moody testified that he saw a woman with a baby the same morning the child was discovered missing.

Farm Subsidy Curb May Signal End To Federal Crop Aid

By DON KENDALL
AP Farm Writer

WASHINGTON (AP) — The \$55,000 ceiling on farm subsidy payments voted by the House represents only a \$58 million cutback in the \$3.5 billion program, but some congressmen see the action as the first step in eliminating payments to farmers not growing crops.

"This may be the last farm bill Congress ever passes," said Sen. Robert Dole, R-Kan., after the House approved the omnibus bill containing the subsidy ceiling. "One way to end the program is to cut down on payments."

Some lawmakers don't want to end the program. The result, they say, would be higher food prices, a cutback in the number of farms and the threat of an economic disaster.

The bill, which sets the \$55,000 per crop ceiling on cotton, feed grains and wheat, now goes to the Senate where President Nixon is expected to fight attempts

to lower the limit to \$20,000. Present law sets no limit.

The House passed the bill last week after Nixon urged acceptance of the Agriculture Committee version with the \$55,000 lid. Backers of the lower figure have vowed to continue the fight after the Senate acts and the bill goes to conference committee.

The subsidy lid was a landmark move to include in a general farm bill restraints on huge

subsidy payments to individual growers.

It was time, the House decided, to shut off million-dollar subsidy payments—five of them last year—to huge operators like the J.G. Boswell Co., Corcoran, Calif., whose \$4,370,657 payment has become a rallying cry for subsidy critics.

The limitation, to begin next year, was introduced in the Senate by Dole, one of Nixon's staunchest supporters.

But Dole is with Secretary of

Agriculture Clifford M. Hardin, the White House and the House Agriculture Committee in holding the line at \$55,000 limit, a figure deemed ridiculously high by farm critics.

The issue is expected to come to a head on Aug. 18 when the Senate Agriculture Committee takes up the farm bill. Chairman Allen J. Ellender, D-La., told a reporter he will do all he can to get the legislative package through Congress by Labor Day. He also is reconciled to a

subsidy lid but says anything lower than \$55,000 would disrupt agriculture severely.

The subsidy issue has been simmering a long time. Twice in recent years the House has passed a \$20,000 lid, with both efforts failing in conferences with the Senate.

This year the Senate went for a \$20,000 limit. The House action sets up key programs for the most bothersome of the nation's major farm commodities.

Nixon Money Bill Vetoes Under Fire

House Demos Seek Override; GOP Must Help

WASHINGTON (AP) — House Democrats, reacting sharply to President Nixon's veto of education and government agency money bills, spearheaded an attack today to reverse the chief executive's action.

The Democrats were expected to receive some support from Republicans who earlier had urged Nixon to let the bills become law without his signature.

Nixon vetoed Tuesday the \$4.4 billion education appropriation and \$18 billion measure to run a variety of federal agencies on grounds they pose "a threat to every American's pocketbook."

The two bills would have added nearly \$1 billion to the administration's budget recommendations. Nixon said they represent "the kind of big spending that would drive up prices or demand higher taxes."

House Democratic leaders, hoping to capture the two-thirds margin necessary to override Presidential vetoes, scheduled the showdown votes Thursday as the first order of business.

Democratic leaders were optimistic about their chances for overriding the Office of Education bill, but less certain about the prospects for the larger measure. Many Republicans, including Minority Leader Gerald R. Ford of Michigan, shared that appraisal.

The announcement that Nixon vetoed the bills prompted a sharp exchange on the House floor. Rep. Hale Boggs, D-La., said Nixon was attempting to shift the blame for inflation and high interest rates to the Democrats.

Boggs said the \$1 billion addition to the two measures amounted to less than half the additional cost to the government from increased interest rates.

Ford, however, said, "When you spend more than you take in, you inevitably add to the cost of interest to the federal government."

Nixon said his vetoes were "painful, but necessary to hold down the rising cost of living."

Democratic national chairman Larry O'Brien said Nixon's action "illustrated in stark terms the distorted priorities of his administration."

The overriding cause of the rising cost of living is "Nixon's refusal to use the powers of the presidency to control excessive price and wage decisions, and his refusal to use the economic tools which Congress has given him," O'Brien added.

Democrats hoped the lure of big money allotments for veterans' hospitals and schools would give impetus to their drive.

One bill would provide \$18 billion in new funds for the Veterans' Administration and a score of other agencies.

One of the larger boosts in the education bill was \$126 million in funds for so-called impacted school districts heavily populated.

President OKs Postal Reforms

WASHINGTON (AP) — President Nixon signed the postal reform bill today. He said the task of overhauling the Post Office was accomplished only through bipartisan support that "showed the system at its best."

"There is no Republican way or Democratic way to deliver the mail," Nixon said at signing ceremonies in the office of Postmaster General Winton M. Blount. "There's only the right way, and that's what this occasion is all about."

Flanked by six of his predecessors, Blount presented Nixon with a replica of the system's new symbol: a streamlined bald eagle. It replaces the horseback rider which has symbolized the post office since 1837.

The law removed the postmaster general from the President's Cabinet and ostensibly takes the Post Office out of politics.

Blount has declined to say what his plans are when the new postal system becomes fully implemented a year from now.

The comprehensive overhaul of the postal system, approved by Congress last week, is designed to cut costs and improve service by infusing the mails with modern management techniques.

Postal officials see the reform as a welcome end to the problems of inefficiency, political patronage and outmoded procedures that several times in the past few years came close to causing a total breakdown.

Under the plan, the Post Office becomes a corporate-like, independent agency with the sole task of providing service to the American public—eventually on a break-even basis.

Congress' 181-year-old stranglehold on postage rates, postal salaries and spending for buildings and equipment gives way to internal rate-setting, collective bargaining between management and unions and capital financing through sale of bonds.

Although costs to taxpayers through budget deficits are expected to go down as the new system takes hold, costs to the mailing public may go up more than anticipated.

Blount revealed the price of a letter stamp, tentatively scheduled by postal officials for an increase from six to eight cents early next year, may soon thereafter go even higher.

Two months ago, Blount had predicted an eight-cent stamp would carry the new postal system through the next few years.

Although the new postal system does not become fully operative for one year, its nine-member, presidentially appointed board of governors may hike postage rates by one-third to help cover costs of pay raises for rank-and-file workers.

After that, rate increases will be decided upon by a five-member rate commission, at the request of the board of governors.

Blount indicated upward-moving costs may prompt the government to seek a second round of

rate increases when the transitional period ends a year from now.

In addition to interim authority to raise first-class postage by one-third, the postal reform legislation gives the board of governors power to make similar increases in second- and third-class rates.

Rates for fourth-class parcel post are scheduled to go up an average of 15 per cent Nov. 14 and rates for mailing catalogues go up 6 per cent.

Blount has said he hopes the interim rate increases will reduce the \$2.6 billion budget deficit anticipated in the current fiscal year to between \$1 billion and \$1.5 billion.

Kirkpatrick To Head FTC

Philadelphia Lawyer Sees Reform Need

WASHINGTON (AP) — Philadelphia lawyer Miles W. Kirkpatrick, who once headed a committee that recommended reform or abolishment of the Federal Trade Commission, has been selected by President Nixon to head the agency.

Nixon announced Tuesday his nomination of the 52-year-old Kirkpatrick to the unexpired seven-year-term of resigned Chairman Caspar W. Weinberger, who joins the Office of Management and Budget.

Nixon said Kirkpatrick would serve as chairman of the FTC, if he wins Senate confirmation, for the term ending in September, 1976.

Kirkpatrick headed a late 1969 study of the FTC, at Nixon's request, by a panel of the American Bar Association.

His report concluded that the consumer protection agency was ineffective, preoccupied with trivia and riddled with dissension.

And the 119-page document commented that if major changes did not occur, "there will be no substantial purpose to be served by the FTC's continued existence," and other agencies should take up the slack.

Since then, there have been some revisions. Nixon replaced longtime Chairman Paul Rand Dixon with Weinberger in November. And last month the agency began operating under a reorganization plan.

But criticism hasn't stopped. FTC Commissioner Philip Elman said Tuesday the agency should be abolished, with its functions split between a single administrator and a trade court.

Kirkpatrick has charged sluggishness and failure to deal strictly enough with deceptive practices by industry. His report noted some proceedings had dragged on for 10 years or more.

Hurricane Disaster Feared As Beach Population Grows

MIAMI (AP) — Expanding populations along the warm weather coasts of the Atlantic and Gulf states could become "sitting ducks for disaster" unless escape routes are provided

from tropical storms, says the chief of the National Hurricane Center.

"A hurricane in the near future could kill 20,000 or 30,000, even 50,000 people unless we have sound planning," Dr. Robert H. Simpson told President Nixon's fourth regional Disaster Preparedness Conference Tuesday.

"I am enormously concerned with development of high density populations right at the shore lines," Simpson said. "If we stack in people by hundreds of thousands and fail to provide escape routes, we will be sitting ducks for disaster one of these days."

Simpson said Dade County—Miami—is a prime example of mushrooming population and poor planning.

If a major hurricane struck

south of Miami, he said, 250,000 people jammed between U.S. 1 and Biscayne Bay would have only the one highway on which to travel to shelter.

"A very high percentage of these people would be drowned or killed by flying debris," he said.

Simpson told disaster officials from 12 Southern and Southwestern states that Hurricane Celia, which ravaged Corpus Christi, Tex., Aug. 3, was "a meteorological enigma which will give forecasters and building engineers something to think about for years."

The highest gusts registered by the Weather Bureau hit 161 miles per hour, Simpson said. "But who can say how high they actually were? They might have been 40 per cent higher."

Deaths, Funerals

Ronald A. Merritt

Memorial services will be held for Ronald A. Merritt, 40, of Cincinnati, at 2 p.m. Tuesday in the First Christian Church.

Mr. Merritt, a native of Washington C. H. and the son of Mr. and Mrs. Theodore R. Merritt, 316 E. Elm St., was one of two persons fatally injured in a car-truck crash Monday near Kansas City, Mo.

The service here will be conducted by the Rev. Ray Russell, the pastor, the Rev. Robert G. Tyler, of Cincinnati, and the Rev. Robert Purcell, of Newark.

Arrangements for the services were under the direction of the Gerstner-Kinzer Funeral Home. There will be no visitation.

Further investigation of the accident disclosed that the crash was caused by the blowout of a tire on the truck, Missouri Highway Patrol officers said.

Steven Spelman, 29, a passenger in the Merritt car, was treated for minor injuries and released. He is the son of singer Marian Spelman.

The two men were on their way to the Rocky Mountains on a camping trip when they pulled their car onto the berm of I-70, near Blue Springs, Mo., apparently to check a road map. It was then that the semi truck crashed into their car.

A third passenger, 17-year-old Michael B. Hennessee, of Alexandria, Va., was hospitalized, but his injuries or condition were not known. The truck driver, Leonard M. Forch, of Waterloo, Ill., died following the accident.

CLAYTON COX — Services for Clayton Cox, 75, of 84 S. Howard St., Sabina, were held at 2 p.m. Tuesday in the Littleton Funeral Home with the Rev. John Selvey, of Gahanna, officiating. Mr. Cox a retired farmer and horseman, died Sunday in the Frances Edwards Convalescent Center, Washington C. H., where he had been a patient three years.

Pallbearers for the burial in Lees Creek Cemetery were Don Hawroth, J. T. Cox, Kenneth Debold, Richard Brackney, Darrell Hunter and Darrell Woodruff.

'70 Harvest May Drop For Farmers

WASHINGTON (AP) — Acreage cutbacks, dry weather and tighter government controls on some commodities have reduced prospects for another record-breaking harvest for American farmers.

Total production, however, is expected to be down only slightly from the record in 1969, the Agriculture Department said.

Tighter acreage controls on wheat and rice, for example, have helped push food grain prospects down 7 per cent from 1969, according to the department's monthly crop report issued Tuesday.

Production of nonfruit fruit, including apples, peaches and pears, was predicted to be 12 per cent less, and the output of half a dozen major vegetables for processing 5 per cent less.

Over-all, the Crop Reporting Board said, the "all crops" index as of August 1 was 20.6 per cent higher than the 1957-59 average, compared with a gain last year of 21.3 per cent.

The nation's corn crop, a key in total farm production, was estimated at 4.69 billion bushels. This is down 127 million from the July forecast but still 3 per cent more than 1969 production.

Production of all wheat was estimated at 1.357 billion bushels, a slight gain from July indications but 7 per cent less than 1969 output. A smaller government acreage allotment was in effect for this year's crop.

Hear Testimony On Jackson State

JACKSON, Miss. (AP) — Sniper fire from a girls' dormitory at Jackson State College provoked a return barrage of shooting from officers, a city policeman told a federal commission investigating violence at the school.

But another officer and one who said they saw no sniper.

The statements came Tuesday in the first of three days of hearings by the President's Commission on Campus Unrest into the violence that left two young Negroes dead at the school in May.

Eight witnesses appeared Tuesday.

Ed Montgomery, a Pulitzer Prize-winning reporter, said in his story that Jonathan Jackson, 17, who carried the guns into the San Rafael courtroom, had served recently as a bodyguard for Miss Davis, 26.

Jackson and two of three convicts to whom he gave arms in the escape attempt were killed as they tried to drive away in a van.

Inside the van, Superior Court Judge Harold J. Haley, one of five hostages, was shot to death.

An automatic carbine and a Browning .380 caliber automatic pistol found inside the van were traced by serial numbers. The Examiner said the name of Angela Davis was recorded for purchase of the pistol Jan. 12, 1968, at the Brass Rail in Los Angeles, and for the purchase of the carbine April 7, 1969, at Western Surplus in Los Angeles.

At the time the guns were purchased Miss Davis was teaching at the University of California in San Diego.

Services Thursday For Girl, Victim Of Gun Accident

Services will be held Thursday in Worthington for 10-year-old Sandra Elaine Early, daughter of Mr. and Mrs. Stanley E. Early, who was fatally shot Monday in a gun accident in her home.

The Dublin student was the granddaughter of Mr. and Mrs. Lloyd Coe, 604 Campbell St., Washington C. H. Mrs. Coe was visiting in the Early home when the accident occurred.

Sandra died at 4:30 p.m. Monday in Riverside Hospital following surgery. She was shot by Linda Guy, 13, of 1895 Willow Way Circle S., a visitor in the Early home at 1920 Willow Way Circle S.

The two girls, along with Linda's sister, were playing with four guns they had found on a table in the basement. Linda apparently dropped the .22 rifle or placed it down too hard, causing it to discharge.

The bullet struck Sandra in the right hand, chest and shoulder. The bullet lodged near her spine, hospital officials said.

Mrs. Coe was in the upper portion of the house when the fatal accident occurred.

Sandra's parents were at a recently purchased farm near Ostrander.

Besides her parents and maternal grandparents, Sandra is survived by a brother, Patrick, and a sister, Gay, both at home.

Services will be held Thursday in the Rutherford-Corbin Chapel, 515 High St., Worthington. Burial will be in Dublin Cemetery. Rev. James Stinefeller will officiate.

Friends may call at the funeral home 2-4 and 7-9 p.m. Wednesday.

Area Deaths

CHILLICOTHE — Funeral Mass for Clement Joseph Gerber, 82, will be at 9:30 a.m. Thursday in St. Peter's Church with American Legion Post 62 holding graveside services in St. Margaret's Cemetery, under the direction of the Ware Funeral Home. Mr. Gerber, who died Monday, was a retired construction engineer and architect for the General Services Administration, supervising the construction of many post offices and federal buildings. He is survived by a sister, Sister M. Jerome (Agnes Gerber), of St. Mary's of the Springs, Columbus.

WILMINGTON — Services for Roger J. Johnson, 66, owner of the Johnson Construction Co. and the Johnson Tar, Asphalt and Oil Co., will be in charge of the Fisher Funeral Home, with burial in Sugar Grove Cemetery. Mr. Johnson died unexpectedly Tuesday in his residence.

He was a member of the board of directors of Clinton County National Bank and Trust Co. and the General Denver Hotel Corp. He was also a member of the Ohio Harness Racing Association and the U. S. Trotting Association.

Survivors include his wife, the former Dorothy Gray, six sisters and a brother.

Death Guns Bought By Red Teacher

SAN FRANCISCO (AP) — Two of three guns smuggled into a courtroom and used in last Friday's shootout that killed a judge and three others were purchased in 1968 and 1969 by Angela Davis, Communist university instructor, the San Francisco Examiner says.

Miss Davis, who says her political views led to her discharge as a philosophy teacher at the University of California at Los Angeles, was not available for comment on the newspaper's copyright story published Tuesday.

Ed Montgomery, a Pulitzer Prize-winning reporter, said in his story that Jonathan Jackson, 17, who carried the guns into the San Rafael courtroom, had served recently as a bodyguard for Miss Davis, 26.

Jackson and two of three convicts to whom he gave arms in the escape attempt were killed as they tried to drive away in a van.

Inside the van, Superior Court Judge Harold J. Haley, one of five hostages, was shot to death.

An automatic carbine and a Browning .380 caliber automatic pistol found inside the van were traced by serial numbers. The Examiner said the name of Angela Davis was recorded for purchase of the pistol Jan. 12, 1968, at the Brass Rail in Los Angeles, and for the purchase of the carbine April 7, 1969, at Western Surplus in Los Angeles.

At the time the guns were purchased Miss Davis was teaching at the University of California in San Diego.

GOP Executive Panel Endorses Candidate List

The Fayette County Republican Executive Committee unanimously endorsed all of the party's state and local candidates for the Nov. 3 election Tuesday night.

The candidates include William H. Harsha (inc) for Congress; Joseph Heistand (inc) for state representative; Robert S. Sanderson for county commissioner; Roger Cloud for governor; John Brown for lieutenant governor; Ted Brown for secretary of state; John Herbert for attorney general; Robin Turner for state treasurer; Roger W. Tracey for state auditor and Robert Taft for U. S. senator.

Named as delegates to the Republican fall convention in Columbus Oct. 8 were Chairman Robert L. Brubaker, Elmer N. Reed, Burdette Johnson, Mrs. Charles P. Wagner and Mrs. Ray Jennings.

The five women named as alternates were Miss Mary Frances Snider, Mrs. Charles Cunningham, Mrs. Willard Sears, Mrs. Russell Klontz and Mrs. Brubaker.

The appointment of Miss Snider and Mrs. Cunningham as county co-chairmen was confirmed by the committee.

After Harry R. Allen, chairman of the auditing committee, made a detailed report on the committee's financial condition, the books were turned over to Mrs. Jennings, the newly elected secretary-treasurer.

Plans for raising money for the coming campaign, under the direction of Chairman Edie Kirk, were discussed. No date for the start of the appeal was set, but it was emphasized that the committee women and volunteers are expected to end a hand.

Reed, president of the county Republican Club, outlined plans for a fall rally to be sponsored by the club, but no date was announced.

Mr. and Mrs. Klontz and Mr. and Mrs. Rodney Acton and members of the Women's Republican Club were complimented for the Republican booth at the Fair.

The next committee meeting will be held at 8 p.m. Sept. 14 in the Landmark Building.

Tate Case Attorney Under Fire

LOS ANGELES (AP) — Charles M. Manson's attorney, in his eighth day of cross-examination, the state's key witness in the Sharon Tate murder trial, has drawn the fire of the judge, other defense lawyers and Manson himself.

"Manson feels he unleashed Mr. Kanarek by letting him ask a few questions, and now he can't get the leash back on," said Ronald Hughes, attorney for one of Manson's codefendants, Leslie Van Houten.

Hughes said Manson became so disgruntled with Irving Kanarek's questioning that he decided to stop eating until Kanarek stopped cross-examining.

Sheriff's officers said Manson had milk and coffee in jail Tuesday, but no solid food.

Manson chose Kanarek to represent him after the court said he could not act as his own attorney.

Hughes said Manson also objected to Kanarek's line of questioning. Three defense attorneys have complained that Kanarek appears to be trying to "dump" three women codefendants to help Manson's case. They objected to repetitious accounts by the key witness, Linda Kasabian, of the women's roles in the killings.

On trial with Manson, 35, charged with murder-conspiracy in the slayings of the actress and six others a year ago, are Patricia Krenwinkel, 22, Susan Atkins, 21, and Miss Van Houten, 20.

Agnew Is Top Demo Target For Elections

LAKE OF THE OZARKS, Mo. (AP) — Democrats are planning to make a campaign issue of the words and views of Vice President Spiro T. Agnew this fall, particularly in the big industrial states where their state house fortunes are down.

Republican governors and White House staffers will do some political strategy making of their own today in the seclusion of a nearby resort.

Lawrence F. O'Brien, the Democratic national chairman, conferred with his party's minority bloc of governors, then said he was not concerned at the prospect that President Nixon and Agnew "will be heavily engaged, out front," working for Republican nominees in the Nov. 3 elections.

He said that might produce a real debate about national issues, particularly with Agnew.

IT'S SO EASY TO PLACE A WANT AD

Rotarians Get Look At '70 Grid Season

Rotarians were given a preview of the coming high school football season for the Blue Lions of WSHS and the Panthers of MTHS Tuesday at a luncheon meeting in the Country Club.

Both Coach Maurice Pfeifer of the Lions and Coach Roy Lucas of the Panthers expressed restrained optimism for a successful season.

Coach Pfeifer said the Lion squad of 37 has "average" speed, good size and experience provided by 10 returning lettermen. These attributes, he said, are the basis for hopes of bettering last year's record of 4-5-1, although that was good enough for second place in the SCOL.

Coach Pfeifer also explained the year-round physical conditioning program followed by the boys to qualify for football.

Coach Lucas, who has taken over the guidance of the Panther squad for the first time after coming from a similar position at Erlanger, Ky., said he was a bit disappointed by the turnout for football at MTHS. He noted that of the 61 boys who signed up only 44 are now on the squad. He said the squad has 10 seniors, 20 juniors and 14 sophomores and that it will have "average" speed. The Panthers, he said, are currently concentrating on "agility drills" in preparation for the start of regular practice Aug. 19.

"We are looking forward to the season and think we will have a shot at the title," the Panther coach said.

OTHERS on the MTHS coaching staff are Boyd Phillips, offensive line coach, Doug James, defensive line, and Dave Pellor, defensive backfield.

Lucas commented that he is happy to be coaching in this area because it is a good sports center and people are interested in the youngsters and the schools. He said he has noticed that sports receive "a lot of publicity" and added "this is good."

Both coaches answered many questions following their talks.

The program was arranged by David Ogan, who introduced the coaches. President John S. Bath conducted the meeting.

Guests were D. E. Marsteller with Carroll Halliday, John Purcell with Richard E. Whiteside, James Hobbs and Ralph King with Clarence Cooper, Brad Crosby with his father, Paul Crosby, and Richard R. Willis with Bill Pool.

Visiting Rotarians were Don Funkhouser, of Woodstock, Va., Art Dick and Fred Trimble, of Mount Sterling, and Wilson Moon, of Greenfield.

One key reason involves U.S. agriculture's fantastic production. This is so huge that even with one cropland acre out of five producing for the export market, almost as much must be kept idle to prevent a glut.

Another reason is the pattern of government controls and subsidies to agriculture itself, a multi-hued skein of programs going back 37 years to the early New Deal days.

Most of today's farmers have never operated without some kind of government program. It has been built into their seasons, their credit, their production and their way of life.

Secretary Hardin and others in the administration have noted this. To remove government aid once from farming would spell bankruptcy for farmers and perhaps economic disaster for the nation, they say.

About one-fourth of the nation's net farm income last year came through direct government payments—roughly \$3.8 billion—with the lion's share of \$3.3 billion paid to producers of the three commodities now facing payment limitations.

Removal of this money, farm block spokesmen say, would force consumers to make up the difference through higher market prices or bankrupt more of the nation's three million farmers.

But the costs of paying farmers not to farm have not been accepted by the public as being necessary to the well-being of the country.

Farm program costs are spiraling. Between 1933 and 1960 the total federal expenditure was less than \$20 billion under specific programs aimed at stabilization of farm income through a myriad of devices, including price supports, payments, soil bank and income supplements.

In the 10 years since, costs for these direct programs have been about \$28 billion.

Many critics point out that the big farmers seem to be getting the largest share. But the reason is fairly simple: current programs are keyed literally to renting land out of production. Therefore, the farmer with the largest acreage or production potential, gets the most money.

The government classifies as commercial only those farms that sell \$10,000 or more a year in products. These represent less than one-third of the nation's three million farms but produce more than 80 per cent of its food and fiber.

House OKs Curb On Spending By Candidates

WASHINGTON (AP) — The House has voted to limit broadcast spending by candidates for major political offices but faces a fight with the Senate over whether the restrictions should apply to the 1970 elections.

Backers said a ceiling on radio and television expenditures was needed to reduce the rapidly escalating cost of running for public office.

A solid 272-97 majority Tuesday night sent an expanded version of a Senate-passed bill back to the Senate and an expected later conference with the House to iron out differences in the two measures.

Chairman Harley O. Staggers, D-W.Va., of the House Commerce Committee, who will lead the House conferees, said the legislation's effective date will be the chief difference to resolve.

WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Dense fog covered much of the state early this morning but skies became generally fair shortly after sunup.

Fair weather with highs in the 80s and lows in the upper 50s and low 60s are expected to remain the weather pattern for the next couple of days, with a chance of some isolated thundershowers tonight. Fog is expected again Thursday morning.

Foreign Trade Bill Put Together By House Panel

WASHINGTON (AP) — A new foreign trade bill to curtail imports but giving the president broad power to ease the restrictions has been put together by the House Ways and Means Committee.

The bill was hammered together during weeks of controversy over such things as quotas on textile and shoe imports.

Officials were chary of predicting the impact of the measure on consumer prices in this country and on the United States' relations with its trading partners. For some 35 years the national policy has been to press for freer exchange of goods.

There was agreement that any restriction of supply tends to raise the price of an article.

Adding to the uncertainty is the possibility the Senate may try to make the bill even more restrictive. Its final shape will not be known until after the two branches of Congress name conferees to work out the ultimate language.

The measure gives Nixon some of the things he asked for and others—such as shoe quotas—which he opposed. Ways and Means Chairman Wilbur D. Mills, D-Ark., said he does not expect a veto if the bill is enacted in its present form.

Major provisions call for: —Mandatory quotas on imports of textile articles and footwear. Exporting countries could avoid these by negotiating voluntary limitations. The president could, in the national interest, lift the restrictions by categories or country of origin.

—Procedures under which the Tariff Commission, by finding that certain imports damage U.S. business and labor, could call for countermeasures, including quotas, on any goods. The president, again by invoking national interest, could prevent these going into effect.

—Repeal of the American Selling Price system of setting duties on benzoin chemicals and a few other products.

—Repeal of the ban on importing Soviet furs.

After a committee vote on final language Thursday, the bill heads for the House with action expected in September.

5 Israelis Are Killed

TEL AVIV (AP) — Five Israeli civilians were killed at the southern end of the Golan Heights Tuesday night, the Israeli military command announced. Officials said it appeared that their jeep struck a mine.

A spokesman said the bodies of the three women and two men were found in their jeep near their settlement, Ramat Magshimim, on the plateau which Israel took from Syria in the 1967 war.

On April 23, two Israeli civilians were killed and another five wounded in a Syrian ambush in the area. Neither Syria nor the Arab guerrillas based in neighboring areas of Syria and Jordan accepted the cease-fire in which Egypt, Israel and Jordan joined last weekend, and Israeli troops killed an Arab infiltrator in a fire fight at the southern end of the heights Monday night.

The command in Tel Aviv also reported that small arms fire from Jordan wounded an Israeli soldier on border patrol today near Newe Ur, in the Jordan valley. A spokesman said the fire was returned.

The longest single aria in opera is Brunnhilde's immolation scene in Wagner's "Götterdämmerung."

Stock List

Near Even

NEW YORK (AP) — The stock market sat tight this morning. Prices fluctuated narrowly, and trading was light. At noon the Dow Jones average of 30 industrial stocks had slipped a mere 1.09 points to 711.46.

Declines barely inched beyond advances on the New York Stock Exchange.

With such dispirited activity there really was not much for the analysts to talk about. Generally they contented themselves with musings about a possible autumn rally.

On this issue opinion was divided. Some felt after the usual summer slowdown some type of rally could be expected. Others said some of the nagging doubts hanging over Wall Street would have to be resolved first.

Among these problems are things like inflation, tight money, high interest rates, corporate liquidity, and international tensions. With so many factors up in the air right now, it is difficult for most investors to make the decision to act, these brokers said.

Airlines and rails were up. Metals, utilities, and rubber issues were off. All other stock categories were mixed.

Porno Study Disclaimed By Nixon

WASHINGTON (AP) — The White House says the President's Commission on Pornography, whose preliminary report is under attack in Congress, is not a part of the Nixon administration.

"This is not Nixon's commission," Donald L. Ziegler, the President's news secretary, said Tuesday. "It was formed under a previous administration. He did not appoint the members, and the commission's recommendations are not those of this administration."

Ziegler made the statement as the House postal operations subcommittee was challenging the draft report. The biggest fuss has come over tests, sanctioned by the panel, in which reactions of 23 young men to stag movies were checked.

Ziegler said no White House staff members were involved in the experiment.

"There is no intent to prejudge the findings of the report," Ziegler said. But he said Nixon "believes pornography and obscenity relate to adverse social conduct."

The command in Tel Aviv also reported that small arms fire from

Regularity's Not All

Those who follow presidential politics are noting the possibility — by no means a vigorous one as yet, but viable — that in 1972 the Democrats may run a lifelong Republican. The man in question is New York's Mayor John V. Lindsay.

Those who tout the idea of a Lindsay Democratic candidacy note that his liberal policies and pronouncements as mayor, and to some extent before as a member of the House of Representatives, have brought him widespread approval among Democrats despite his nominal allegiance to the GOP. It is pointed out that a Gallup poll showed him to be the favorite of more Democrats than any other

prospect except Maine's Sen. Edmund Muskie.

A Democratic nomination for Lindsay would be no stranger than the 1940 Republican choice of Wendell L. Willkie. He had long been a Democrat, but had become estranged from the Roosevelt administration. Though defeated, Willkie ran well. Lindsay might do the same, being a charismatic vote-getter.

Perhaps the most startling choice in the history of presidential races was made by the Democrats in 1872. Horace Greeley, the famed New York editor, had denounced the Democrats for years. The tone of his attack on the party is shown by his

observation that "though not all Democrats are horse thieves, all horse thieves are Democrats." The party nominated him, all the same, to attract GOP opponents of the Grant administration.

Grant himself illustrates the point that parties need not be limited to the faithful in their presidential nominations. He had never voted for a Republican until the party nominated him for president in 1868. Zachary Taylor, elected as a Whig in 1848, had never voted and was not clear as to what party he belonged. It seems, thus, that party regularity sometimes takes a back seat to other factors.

The Sportsmen And The Balance Of Power

THESE DAYS.... By John Chamberlain

How powerful are the sportsmen of America, the legion of those broad-outdoors characters who like to hunt in the fall, do a little trapshooting in the spring, and complete in rifle and pistol shooting meets the year round?

They may not be an overwhelming pressure group statistically, but they claim some extremely significant political kills in recent months. They take full credit for providing the margin that licked astronaut John Glenn, an exponent of gun legislation, in the Ohio Democratic senatorial primary. And they tell you that it was their crucial votes that made liberal Ralph Yarborough of Texas a lame-duck senator.

So it is no joke to Sen. Joseph Tydings of Maryland that the gun enthusiasts of his state have organized something called CAT (Citizens Against Tydings), which hopes to retire him for having sponsored an extreme gun registration and licensing bill.

There are variants of CAT all over the country. In Connecticut it is CAD (or Citizens Against Dodd), in Pennsylvania it is CAS (for Citizens Against Scott), in Montana it is CAM (Citizens Against Mansfield).

Sen. Scott has practically gone down on his knees to say he made a mistake in voting for gun control legislation in 1968, but it isn't doing him much good. The Pennsylvania sportsmen, who are numerous in the Appalachian back country, claim they beat Sen. Joe Clark because of his gun stand, and they want to drive home the lesson by giving even so repentant a character as Hugh Scott a bit of a scare.

THE POPULOUS state of Connecticut is not the best hunting territory in the country, but its gun enthusiasts have a special thing going for them. It so happens that Connecticut is the small arms and ammunition center of the U. S.

The "big three" in Connecticut are Colt's Firearms in Hartford, the Winchester division of Olin-Mathieson in New Haven, and

THE BETTER HALF By Bob Barnes

Dear Abby: By Abigail Van Buren

His 'Chaste' Ideas Are Unforgivable

DEAR ABBY: I am 19 and my fiancée is 26. Ernie is very quiet, but he is not dumb. In fact he went all through college on scholarships and has the I. Q. of a genius. Ernie says I'm the first girl he's ever been in love with and I'm sure it's true because I had to teach him how to kiss which I didn't mind because he caught on real fast.

I am a virgin and Ernie wants me to stay that way until we get married in December so he made a regular chastity belt out of leather and metal, like they used to wear back in the days of the Crusades. He did a lot of research on it. He says it's not that he doesn't trust me, but with the new morality making sex so casual these days he doesn't want to take any chances. Also he says there are a lot of hopped up crazy fellows running around nowadays and he wants me to be protected against rapists. There is only one key to this thing and he will carry it.

Abby, I don't date anyone but Ernie and have no desire to. Also, I am not afraid of rapists. Should I wear this contraption as a favor to Ernie? He says if I really love him, I will.

ERNEST'S GIRL: Tell your "genius" that when HE fashions a chastity belt for HIMSELF and gives YOU the case key, you will wear one. You didn't say whether Ernie expects you to wear this harness after you're married, but if I peg this ding-a-ling right, if you agree to wear it at all, it will become a part of your permanent attire.

DEAR ABBY: An otherwise charming woman I know always arrives 45 minutes to an hour late for dinner. She always sails in radiant and well pleased with herself in spite of the fact that she has ruined a meal that took much time and money to prepare. She claims she is not "geared" to look at a clock, but on those occasions when it is important to HER to be on time, she can do it.

I claim she is chronically late because it makes her feel "important" to keep everyone waiting, and to make a grand entrance. What do you think?

A VALLEYITE: If your chronically late friend actually keeps everyone waiting, and causes them to partake of "ruined" meals, then she MUST be "important." A habitual late arriver could be taught a lesson if her "grand entrance" is ignored, and all the guests are busily engrossed in their desserts.

DEAR ABBY: I have a boy friend I like a lot, but he does something that really bugs me. When we have a date, after he brings me home (about midnight) he goes out and stops at different hangouts around town to have a beer with some of the kids. He doesn't sneak about it, he tells me afterwards where he went and whom he talked to. Sometimes he stays out until two or three in the morning.

I think it's dirty of a guy to take a date home and then go out by himself, even though our date is over. Please tell me what you think, Abby? If I'm wrong, I'll get off his back about it.

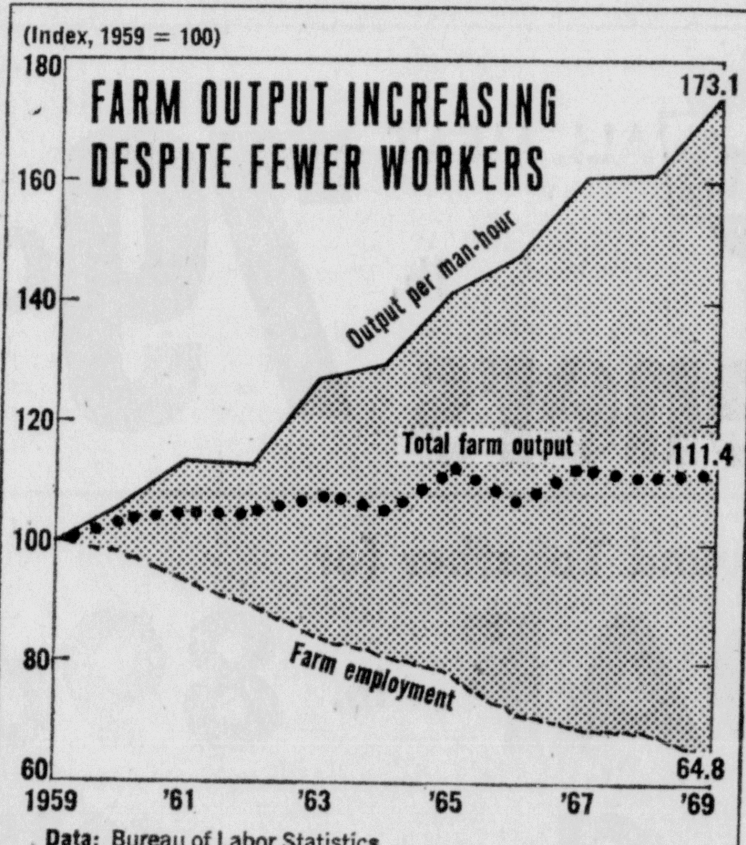

BUGGED: DEAR BUG AS long as your boy friend doesn't rush you home in order to make the rounds of the hangouts without you, you have no reason to

complain. And if you like being his "girl friend," my advice to you is to get off his back or he may get the idea that you are too possessive and a bit bossy.

CONFIDENTIAL TO GORDY: Don't marry for money. You can borrow it much cheaper. What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

It's your ECONOMY

By CARL H. MADDEN, CHIEF ECONOMIST
Chamber of Commerce of the United States
A STRIKING CHANGE in our economy during the past decade has been a decline in the number of people working on farms. From 1960 through 1969, while other kinds of employment were expanding, the farm population dropped from 15.6 million to 10.3 million people — or by 35 per cent. Despite this drop, farm output continued to rise because efficiency of operations — or productivity — improved steadily. Accompanying the sharp drop in the farm population was a drop in the percentage of that population working exclusively on farms. This was due to more "part-time farmers" who are found in regions where small farms still predominate.

Making Life Worth Living

By Hal Boyle

NEW YORK (AP) — Things that make life worth living: Friday, Saturday and Sunday. The memory of vanished Aprils and the anticipation of others yet to be.

Coming into harbor at twilight in a sailboat under the wind's power.

An old dog snoring on an old rag run in front of a stone fireplace.

Home-made biscuits, home-made cornbread, home-made ice cream, home-made watermelon pickles, home-made love.

Watching a young woman get married in the wedding dress worn by her mother and her grandmother before her.

The unpolluted taste of snow-ice plucked from the branches of an evergreen tree in the mountains.

Any holiday that falls on a Monday.

Opening a letter from friends that says all is well with them.

Searching through the pockets of a suit to be sent to the cleaners and flushing out a forgotten \$5 bill.

The first rainbow of spring.

The day the supermarket finally gets in a shipment of juicy fresh tomatoes that actually taste like fresh tomatoes, instead of those pink shells filled with pulpy sawdust you get all winter.

Being told by the dentist that if you just massage those gums a little more your teeth should hold out for another five years at least, and probably ten.

The awe of a small child seeing kittens being born.

Ending an old and foolish feud

and beginning a new and lasting friendship.

Helping the neighborhood kids try to save a young bird fallen from its tree nest.

The homely grace of Gen. Omar Nelson Bradley's face, a successful battlefield at 77.

Stumbling on an unexpected bed of wildflowers in a forest.

Getting a merit raise during a week in which you actually felt you deserved a cut in pay.

The sound of the doorbell ringing after you've been waiting half the night for someone to get back safe.

Finding a new television program that is worth tuning in all season long.

The touchdown of wheels after a long and bumpy airplane flight through storms.

Quitting any game a winner — and happily sharing the loot with a loving heart at home.

Guide To Good Health

By LESTER L. COLEMAN, M.D.

WHAT is responsible for a sudden inflammation of the nerves of the body in a healthy man of 45? It has been called "polyneuritis."

Mrs. Y. N. Ohio

Dear Mrs. N.: Polyneuritis is a very complicated disorder that involves nerves in various parts of the body. It is so generalized that the symptoms vary extensively in severity.

As an illustration of how bizarre this condition is I will name only a few of the possible causes: acute infectious diseases, poisons, chronic alcoholism, vitamin deficiencies, circulatory disorders, injuries, even severe intestinal disorders.

To make the problem even more complicated, polyneuritis may be the result of some factor which is never found or thoroughly tracked down.

Therefore, before any treatment is begun, the prime cause must be diligently sought and removed. Since the variations of this condition are so great there is no way that anyone can hazard a guess as to its progression.

Many cases of polyneuritis disappear as mysteriously and as suddenly as they occur. Others are treated with modern drugs in the hope that the condition is kept under control.

Women's Petition Requests 'Clean-Up' At Milledgeville

MILLEDGEVILLE — Residents of this village are concerned about conditions and appearance of the town. A group of women started to do something about it two months ago, but Mrs. Joseph Huff Jr. said that up to now there have been no visible changes.

A petition requesting that

PEDALING THE PAPER — Steve Grugin, 13, presents a circus-like sight as he delivers the Frankfort State Journal on his unicycle in Frankfort, Ky.

health and fire hazards be removed and that Council adopt an ordinance requiring property owners to keep trash cleaned up and weeds cut has been submitted to the Council, the state fire marshal and Health Department.

Mayor Ulric Allen said the petition was not received by Council until after the July meeting and that because there was no quorum at the August meeting no action could be taken on it.

WHETHER Council will enact a clean-up ordinance, the mayor did not indicate. However, he did say representatives of the state fire marshal's office and the Health Department had been to the village and had reported "nothing wrong had been found." In view of that, he said he could see no urgent need for an ordinance such as that requested by the petition.

Enactment of an ordinance will not be a simple matter; for with two vacant seats on

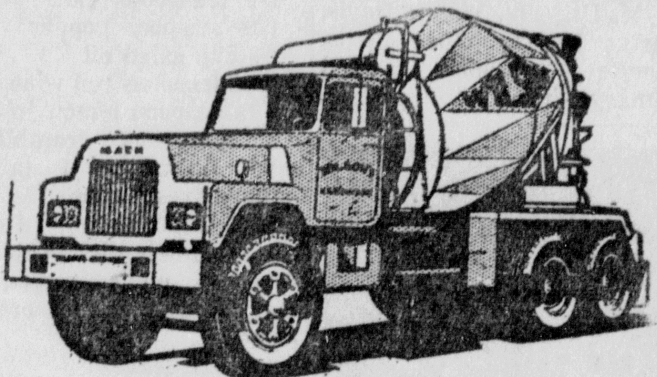

Council, a quorum at meetings is hard come by. One vacancy was created by a resignation and the other by removal of the councilman from the village and Council has not appointed their successors. Present members of Council are James Lindsay, Bert Rinehart, Don Massie and George Smith.

A SPOKESMAN for the petitioners said she is under the impression that the village has a curfew ordinance on the books requiring children under 18 years old to be off the streets after 9:30 p.m.; Mayor Allen said that if there is such an ordinance, he is not aware of it. The petitioners took their problem to Sheriff Don Thompson, who, the spokesman said, gave them full cooperation. One result was an agreement that the village would pay \$200 a year to the county and that the Sheriff's Department would provide additional police protection. This, the spokesman said, has been done.

Sheriff Thompson explained that although law enforcement in the incorporated village had not been the responsibility of the department, it had been provided. The sheriff said he knows of no curfew ordinance, but that on several occasions juveniles have been picked up on the streets and taken to their homes — not for curfew violation, but rather for delinquency.

Postcard Late By 28 Years

SANDUSKY, Ohio (AP) — Mrs. Frank Prohaska of Sandusky finally has received the postcard her brother mailed to her more than 28 years ago. It arrived the other day along with a telephone bill and a magazine, which had been mailed the day before.

The card, battered around the edges, bore an oriental illustration and was printed in Shanghai. It was postmarked "U.S. Army Postal Service, 4 p.m., June 6, 1942."

Another cancellation showed that the card had been received the day before delivery at the Sandusky post office. But no one at the post office knew where it had been in the intervening years.

Permits Required To Dump Waste

SAVANNAH, Ga. (AP) — The Corps of Engineers says it will require industries to obtain permits before depositing waste into any navigable stream or its tributaries, a move in compliance with the Environmental Policy Act of 1969 and the Water Quality Improvement Act of 1970.

Georgia and South Carolina have closed to fishing 180 miles of the Savannah River because of mercury contamination.

MR. AND MRS. JERRY LEE LUFT

Wedding Announced

Mr. and Mrs. Frederick J. Gast, of Chesterton, Ind., are announcing the marriage of their daughter, Sandie Lee, to Mr. Jerry Lee Luft, son of Mr. and Mrs. William Luft, of Yatesville.

The marriage took place July

25 in the Church of Christ in Bloomington. The Rev. Mrs. Pauline Hidy, pastor of the church, officiated at the double-ring ceremony.

The bride wore a formal-length gown of white lace with tiers of lace on the bouffant skirt. The lace bodice featured a scalloped neckline and long bridal point sleeves. Her elbow-length veil was held by a pillbox. She carried a large colonial bouquet of white carnations and pink roses with ribbons tied in lovers knots.

Mr. and Mrs. James Hagler were the attendants. Also present for the wedding were the bridegroom's parents, Mr. and Mrs. Luft, Mrs. Phil Lemley, sister of the bridegroom, and Miss Sue Lemley.

A reception was held at the home of Mr. and Mrs. Luft following the wedding ceremony. The couple is residing at #223 Doney St., Columbus. He is manager of a fruit market and she is employed at Western Electric.

Personals

Miss Brenda Burton and Miss Susan Lowrey, of Chicago, Ill., left San Francisco, Calif., Wednesday morning on the S. S. President Wilson for Japan and Expo 70. They plan to spend six weeks in Japan and then go to New Zealand, Australia and Hong Kong. Miss Burton is the daughter of Mr. and Mrs. Herbert Burton, of Buena Vista, and the granddaughter of Mrs. Lena Bandy, 918 Leesburg Ave.

Miss Robson Announces Wedding Plans

Miss Elizabeth Ann Robson has announced final plans for her marriage to Mr. Danny Wayne Seymour. The wedding will be an event of 2:30 p.m. Sunday in the Pisgah Mt. Pleasant Federated Church. The Rev. Russell Shepherd, of Waverly, will perform the double ring ceremony. Mr. Gail Finch, of Greenfield, organist, and Mrs. Dane Mossbarger, of Frankfort, will present a prelude of music.

The matron of honor and best man will be Mr. and Mrs. Jack Shepler, Rt. 2, Frankfort. Seating the wedding guests will be Russell Seymour, Rt. 1, Jeffersonville, brother of the prospective bridegroom, and Joseph Huff III, of Milledgeville, a cousin of the bride-elect.

Hostesses for the reception planned in the annex of the church following the wedding will be Mrs. Charles Strouse, and Mrs. Don Sever, both of Washington C. H., Miss Diane Mossbarger, of Columbus, and Miss Sharon Morris, of Cincinnati. Mrs. Clayton Lowe, of Washington C. H., will preside at the guest book.

BPO Does Plan Dance

Mrs. Margaret Helfrich conducted the regular business session in the absence of the president of the BPO Does, when plans were completed for entertaining the national Supreme President Mrs. Maurine Poulos, of Sarasota, Fla., during her official visit Sept. 7 and 8. A potluck dinner will be held in the Elks Lodge Sept. 8 for members of the Does, Elks and guests at 6:30 p.m.

The Does will sponsor a dance Sept. 26 at the Mahan Community Building featuring the "Sound of Tyme" band from Columbus. Tickets are available from any of the members. August 27 members will meet at 7 p.m. in the Terrace Lounge for dinner.

SATURDAY, AUG. 22
MTHS Class of 1963 reunion at the high school. Dinner at 6:30 p.m. and dance, 9 p.m. — 1 a.m.

Wedding Date Is Announced

Mr. and Mrs. Edwin A. Meyer, 302 Buckeye Rd., announce the engagement and approaching marriage of their daughter, Jenny Lee, to Michael Langdon McCoy, son of Mr. and Mrs. Langdon McCoy, Good Hope Rd.

Miss Meyers is a 1970 graduate of Washington Senior High School and is employed in the office at Pennington Broad.

Mr. McCoy is a 1968 graduate of Miami Trace High School and will be graduated from United Electronics Institute in Louisville, Ky., Sept. 4, 1970.

The wedding will be an event of Nov. 7, in the First Presbyterian Church.

Miss Flowers Completes Wedding Plans

The open church wedding of Miss Sharon Anne Flowers and Mr. Larry Max Garinger will take place Saturday at 4:30 p.m. in the courtyard at Grace Methodist Church.

Miss Flowers has asked Miss Sherry Wyatt, of Zanesville, to be her maid of honor. The bridesmaids will be Miss Patty Palmer, of Washington C. H., Miss Vicki Patch, of Fairborn, and Miss Myra Galloway, of Spring City, Tenn. Miss Jill Lorie Garinger, sister of the prospective bridegroom, will be the flower girl.

John Halliday, of Washington C.H., will serve as best man. Seating the wedding guests will be Mike Garinger, of Dayton, Charles Garinger, of Columbus, brothers, and Steve Tillett, of Chillicothe, a cousin of Mr. Garinger.

For the reception in Fellowship Hall, the hostesses will be the Misses Kathy Marvin and Connie Fenton, Mrs. Mike Pentzer and Mrs. Steve Dawson, of Washington C. H., and Mrs. Don Jullerat, of Columbus. Mrs. Gene Long, of Columbus, will be at the guest book.

Parents of the couple are Mr. Joe Flowers, 929 Dayton Ave., and the late Mrs. Flowers, and Mr. and Mrs. Max Garinger, of Springfield.

Jeff Church Classes Meet

The JOB and the Pairs and Spares classes of the Jeffersonville Church of Christ met at Shawnee Lake near Xenia, with Mr. and Mrs. Neal Hughes as hosts for a potluck supper, swimming and an evening of fellowship and fun. Mr. Tom Kelly gave the opening prayer.

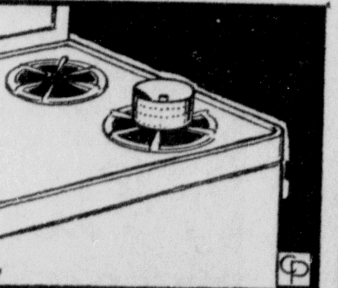

At a brief business session conducted by Keith Higgins, the class recinded earlier approval of an air conditioner for the church because of the cost.

A potluck supper will be featured at the August meeting at the home of Mr. and Mrs. Higgins at Pleasant View.

Neal Hughes gave the devotionals and read the Scripture and a poem entitled "Adult Delinquency."

Roger Stockwell gave the closing prayer.

Wife Preservers

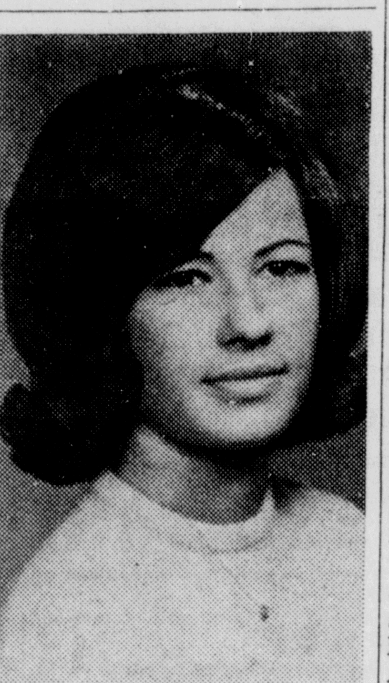

When percolator or dripolator coffee baskets get plugged with grounds, set over a pilot light or simmer burner to get good and dry. Grounds shrink, fall right out.

Farewell Party Given For Mr. Wasmer

Mr. Gary Wasmer was pleasantly surprised when the staff of the Community Action Office and others assembled in the Bloomington High School cafeteria for a farewell party. Mr. and Mrs. Wasmer and family will be leaving for Circleville where Mr. Wasmer will teach school.

Two large cakes, decorated and baked by Mrs. Irene Grim, one in the shape of a schoolhouse with children arriving and leaving and the other depicting an apple for the teacher, were served by Miss Susan Reno and Mrs. Don Gibbs. Mrs. J. E. Tremlett presided at the punch bowl. Mrs. Walter Carmen and Mrs. Urcell Burke also assisted in the hospitalities.

Present for the occasion were Mrs. Wasmer, Fonda Fichtorn, Judy Blair, Julie Campbell, Ehel Henry, Ann L. Posey, Barbara Newland, Mrs. Sylvia Scott, Judy Jacobs, Patsy Gibson, Nancy Johnson, Rosalie Seymour, Mrs. Virginia Hollar, Jackie Loudner, Jeannette Gibbs, Katherine Ryan, Debbie Runnels, Mildred Camp, Melinda Smith, Susan Essman, Mary Gilbert, Mary Bapst, Jack M. Hagerty, Wilbur Davis, Roberta Brown, Zoe Follis, Jeannette Perkins and Rosemary Rhoads.

GRADUATES — Miss Pamela Kay Breckel daughter of Mr. and Mrs. Charles M. Breckel, 624 Grand Ave., Sabina, was graduated with highest honors from Nationwide Beauty Academy in Columbus. The "Certificate of Merit" was presented to Miss Breckel during the graduation luncheon. The citation read in part: "Granted to Pamela Kay Breckel, who has been an outstanding student at the Academy, has always performed in the most exemplary manner, and has at all times upheld the highest traditions of the Academy."

Heistands Return Home

Mr. and Mrs. Glen Heistand, 6 Heritage Ct., have just returned from a Farm Bureau tour of the Northwest. They flew to Portland, Ore., then toured by bus the states of Oregon and Washington, visiting the large timber industries, dairy farms and filbert, bean, berry and hops areas. In Seattle, Wash., they visited with cousins, Mrs. Rose Leander and family, then toured the city, including a ride by monorail to the space needle.

They went via boat to Victoria and Vancouver, Canada, where they visited beautiful flower gardens and vegetable farms.

On their return trip, they visited with other relatives, Mr. and Mrs. Harold Shepherd, in Pomeroy, Wash., and saw the large wheat areas which yield 80 to 90 bushels per acre.

While at Puget Sound, they witnessed the wreck, involving a Russian ship.

Refreshing Salad Made From Frozen Peas

By CECILY BROWNSTONE
AP Food Editor

When a friend of ours told us that she had concocted a green pea salad that her three children and her husband thoroughly approved, we begged for the recipe.

Here it is, an interesting combination of cooked frozen green peas and other good things. After you give the vegetables a mint-flavored oil-and-vinegar dressing, you add yogurt, sour cream or mayonnaise — depending on what you wish to use or have on hand.

In our friend's family two teenagers (a boy and a girl) voted for the yogurt version; the father of the family — a devoted fan of mayonnaise — liked the mayonnaise version best; the cook herself enjoyed the salad most when sour cream was added. And the pre-teener in the family took second helpings of all three versions!

When we tested the salad on adult guests, they liked the yogurt and sour cream combinations equally. You may want to try all three variations and decide which you favor.

GREEN PEA SALAD

2 packages (each 10 ounces) frozen green peas
1 cup boiling water
1 1/2 teaspoons salt
1-16 teaspoon pepper
1-3 cup salad oil
2 tablespoons red wine vinegar
1 tablespoon lemon juice
2 teaspoons crumbled dry mint flakes or 1 tablespoon minced fresh mint
3 tablespoons minced onion
1 cup finely diced celery
1/2 cup plain yogurt, commercial sour cream or mayonnaise

Lettuce leaves
Tomato wedges
Turn the peas into a saucepan large enough to hold both packages; add the boiling water and 1/2 teaspoon of the salt; cook according to the method given in the package directions. Drain, reserving 2 tablespoons liquid from the peas and putting it into a medium mixing bowl.

To the 2 tablespoons pea liquid add the remaining 1 teaspoon salt, the pepper, oil, vinegar, lemon juice, mint and onion. Add the hot peas; cover and chill.

Before serving, mix in celery and yogurt, sour cream or mayonnaise.

Serve on lettuce and garnish with tomatoes.
Makes 4 cups salad or 6 servings, each 2-3 cup.

NUTRITIOUS SALAD — Frozen green peas are used in an interesting way.

Mrs. Davis Presented 50-Yr. Pin

Mrs. Gladys Davis, of the Frances Edwards Convalescent Center, was presented a 50-year pin by Mrs. Marvin Thornburg, junior past grand matron of the Order of the Eastern Star. Mrs. Davis was also presented a corsage by Mrs. Kenneth

Arnold, a member of Royal chapter, OES. Mrs. Davis was initiated into the Eastern Star, April 26, 1920.

Mrs. Davis suffered a broken hip in 1964 and has been a patient at the nursing home since 1967. Also present for the occasion were Mrs. Donald Breakfield, of Jamestown, worthy matron of Royal Chapter, Mrs. Charles Hurtt and Mrs. Jessie Denen. Mr. Warren Campbell, 1106 S. Main St., is a son.

Youth Club Activities

BOY SCOUTS

The meeting of Boy Scout Troop 152 was held Monday evening at Eymann Park at 7 p.m. Five boys were present and Scoutmaster James Shadley requested that all scouts be present for the meetings, and in full uniform.

A campout was discussed and Steve Speelman was a appointed senior patrol leader. The next meeting will be held at Eymann Park next Monday at 7 p.m. Any boys wishing to join may attend or call Harold Speelman.

3 More Ohioans Lost In Viet War

WASHINGTON (AP) — Two soldiers from Ohio, Spec. 4 Gary G. Winter of Grand Rapids and Pfc. Ronald T. Jones of Toledo, have been killed in action in Southeast Asia, the Defense Department reported Tuesday. Army WO1 Karl T. Anteau of Sylvania, Ohio, was changed from missing to dead of causes other than hostile action.

Plan Test Of Building Ban Powers

COLUMBUS, Ohio (AP)—The Ohio Water Pollution Control Board turned to the attorney general Tuesday in what could be a test of the agency's ability to enforce building bans.

The board asked the attorney general to force Cleveland to comply with a building freeze ordered last April because of the city's alleged failure to meet state pollution standards.

Cleveland has continued to issue new building and sewer permits, claiming it is in compliance with sewage regulations. Chief George H. Eagle of the Bureau of Environmental Health said Cleveland had only partially met requirements for improvements in the city's sewage treatment facilities.

The board also issued a building ban against the city of Canton Tuesday.

The action came after Canton Mayor Stanley A. Comich asked for an additional three to six months to consider alternatives for sludge disposal facilities.

Eagle said sludge in Canton streams was "inexcusable," but conceded the city has made "some progress" toward solving its sewage problems.

They gave the city until Dec. 8 to decide how it will dispose of its sludge and advertise for bids for construction of a facility.

Raspberry Ice Cream Is Superb

By CECILY BROWNSTONE

AP Press Food Editor

Food markets have lots of flavors of ice cream, but there's one we haven't found around. Raspberry!

And that's the ice cream we made at our house recently, using readily available frozen raspberries in syrup.

Great success! If you try this recipe — an easy one — we think you'll applaud it as much as our tasters did. This ice cream has the true taste of raspberries and long after it is gone, its perfection is likely to linger in your memory.

PHILADELPHIA

RASPBERRY ICE CREAM

2 packages (each 10 ounces) frozen raspberries in syrup, thawed.

1 cup sugar
3 cups (1½ pints) heavy cream
5 cups milk

1 tablespoon vanilla
½ teaspoon red food coloring
Cracked ice
Rock salt, available at hardware stores.

Into a large fine mesh strainer set over a large mixing bowl, turn the raspberries and their syrup. As syrup drips through, force through the berries to eliminate seed and puree; discard seed residue.

To the raspberry syrup and puree, add sugar, cream, milk, vanilla and red food coloring.

FIT a 4-quart freezer can into the ice cream freezer tub; insert dasher. Pour raspberry mixture into can. Cover can and attach cranking mechanism; latch securely. Pack tub with cracked ice and rock salt and freeze and ripen according to manufacturer's directions for hand-cranked or electric ice cream freezer. (If you have an electric ice cream freezer, you

may want to follow the General Directions below, coordinating them with the manufacturer's directions with your particular freezer).

Makes 3 to 3½ quarts.

Note: If you have a 2-quart ice cream freezer, cut the ingredients in half.

GENERAL DIRECTIONS FOR ELECTRIC ICE - CREAM FREEZER

Put 1 quart cracked ice into tub. Sprinkle ½ cup rock salt evenly over ice. Continue packing tub with cracked ice and rock salt in above proportions.

Fill the tub almost to the top of the freezer can. Plug in freezer. As churning starts, level of ice will drop. Add more ice and salt in above proportions to keep level almost to top of can.

Churn about 20 minutes, adding ice and salt as needed; check drain hole occasionally to make certain it is clear, allowing brine to drain. Unlatch and remove cranking mechanism; wipe top and around top of can.

Remove top and check to see if ice cream is frozen; it should hold its shape but be very soft. If not frozen enough, recover and continue to freeze another 3 to 5 minutes.

When frozen, remove dasher and scrape off ice cream adhering to it. With a long-handled wooden spoon stir ice cream, blending firm and soft portions; pack down in can.

TO RIPEN and firm ice cream in ice-cream freezer, cover can and plug hold in cover with a cork or a wad of plastic wrap. Tilt freezer and pour off water in tub through hole in side of freezer.

Repack the freezer tub with more ice and salt using 1 cup salt for each quart of cracked ice. Pack ice cubes over top. Cover top with a folded heavy turkish towel or other heavy material. Let ripen for 2 hours.

To ripen and firm ice cream in home freezer: instead of repacking ice cream in ice cream freezer, lift ice cream can out of tub; cover and plug hole in cover with a cork or a wad of plastic wrap; place in home freezer to ripen.

Or transfer ice cream to suitable containers, cover tightly and place in home freezer to ripen. Service within 4 hours; left longer in home freezer, ice cream will lose its distinctive soft texture and harden too much.

The use of the tartan or plaid in the Scottish Highlands seems to have been beyond the reach of history.

Record-Herald Wednesday, Aug. 12, 1970
Washington C. H., Ohio

HERO DOG — A dog food maker's gold medal as Hero Dog of the Year goes to Grizzly Bear, 180-pound St. Bernard, shown with owner Mrs. David Grattias, 24, in Denali, Alaska. She was attacked and being mauled by a grizzly bear in her yard and the dog jumped on the bear and drove it away from her, then maneuvered to keep itself between the bear and the prostrate woman. Finally the bear gave up and disappeared into the woods. The St. Bernard's award ceremony is set for Aug. 19 in Philadelphia.

The first watches were made early in the 16th century and Peter Hebe, a Nuremberg clockmaker, is credited with the invention.

Plan Siren Use For Smog Alert

RIVERSIDE, Calif. (AP) — Riverside County supervisors have decided on sirens to impress on citizens' ears what their eyes and lungs will know already — the air is smoggy.

Supervisors voted Monday to use sirens in Riverside as a smog-alert experiment. The sirens will howl when the amount of ozone reaches .35 parts per million of air and will alert citizens to avoid strenuous activity that would increase their breathing.

Smog has reached the alert stage 16 times since June 4.

Of commonly used languages, Sinhalese has the most letters with 54 and Hawaiian least with 12.

Ohio Automobile Registrations 'Leveling Off'

COLUMBUS, Ohio (AP) — State Auditor Roger Cloud reported today that Ohio passenger car registrations reflected a "leveling off" trend during the first five months of the registration year.

He said for the period ended July 31, total registrations were 5,895,353 — up 23,981. License revenues amounted to \$103,516,926, for an increase of \$2,306,789.

Chancellors Get More Authority

RALEIGH, N.C. (AP) — The chancellors of the six branches of the University of North Carolina will have more authority to deal with campus disruptions under a rewritten policy approved Monday by the executive committee of the university trustees.

It will be presented to the full board Oct. 26.

It permits suspension of any-one suspected of repeated disruptions and clarifies procedures for acting against disruption.

JOHN WHITE

Millwood Church Revival Planned

An eight-day revival will be held, starting Sunday in the Millwood Church of Christ by Evangelist John White, a student at the Sunset School of Preaching at Lubbock, Tex.

White, a native of Xenia and 1955 graduate of the high school there, said he will be here for the summer. The church currently is without a regular pastor.

The topics of his sermons will be "Is There a God?" "Was There an Historical Jesus," "The Crucifixion," "The Resurrection," "The Bible, Is It God's Word?" "The Church," "Are You Sure of Your Salvation?" "Is There a Literal Heaven?" and "Hell and its Inhabitants" and "The Second Coming of Christ."

Youth Club Activities

SO TA WAA NO

Members of the So-Ta-Waa-No Horizon Club's new officers are: President, Tereasa Lloyd; vice president, Pam Hyer; secretary, Rose Ann Hamilton; treasurer, Mary Ann Yoho; scribe, Kathy Myers; and refreshments chairman, Laurant Perrill. Pam Hyer served refreshments following adjournment.

Kathy Myers, Scribe

From the time the U. S. government was formed until 1814, Congressmen were paid six dollars a day during the actual time Congress was in session.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, Aug. 12, the 224th day of 1970. There are 141 days left in the year.

Today's highlight in history: On this date in 1914, Britain declared war on Austria-Hungary at the start of World War I.

On this date: In 1658, a guard of eight men was established in the Dutch

colony of New Amsterdam. It was the first police force in America.

In 1676, the Indian chief, King Philip, was trapped and shot to death near Turner's Falls, Mass.

In 1851, Isaac Singer of Pitts-town, N.Y., was granted a patent on his sewing machine.

In 1941, President Franklin D. Roosevelt and British Prime Minister Winston Churchill held a wartime meeting at sea to draft the Atlantic Charter.

In 1959, token integration began in Little Rock, Ark., as six Negro students enrolled in formerly all-white high schools.

In 1960, history was made in space communications with the launching of the huge balloon satellite, Echo I, from Cape Canaveral, Fla.

Also 10 years ago: A United National force was preparing to move into the secessionist province of Katanga in the Congo.

Five years ago: Henry Cabot Lodge was sworn in for a second tour of duty as U.S. Ambassador to South Vietnam.

One year ago: Roman Catholics, Protestants and police fought in Londonderry in the worst outbreak of violence in Northern Ireland in more than 30 years.

Round About The County--People, Places, And Things

12 Record-Herald Wednesday, Aug. 12, 1970
Washington, C. H., Ohio

By B. E. KELLEY

Federal courts have joined in the crusade against the use of DDT which has been listed as a poison chemical, cancer-causing, and a real menace to mankind if its use is continued. The U. S. Court of Appeals for the District of Columbia has demanded that two federal agencies with regulatory authority over DDT either impose a ban on DDT or explain why they have not done so.

It is pointed out that the Delaney amendment to the Pure Food and Drug Law prohibits the use of cancer-causing chemicals in foods, and the court has ordered the Secretary of Agriculture to decide within 30 days whether or not to suspend the registration of DDT as an economic poison.

In another case the court has ordered the Secretary of Health, Education and Welfare to protect the health of America.

It would seem that such important branches of government would function in such instances without court action.

Dr. Joe D. Nichols, national president of Natural Food Associates, of Atlanta, Ga., says,

"Despite the fact that government agencies responsible for the safety of our food are dragging their feet, there is every reason for us to be optimistic about the eventual success of our cause. We now have on our side some of the most renowned scientists of our times. The cancer epidemic will destroy you and me and our loved ones unless we support these scientists. Our task is to inform the American people."

BIGGEST IN OHIO

Saturday and Sunday will bring to this city another large number of antique dealers, coin and watch dealers, gun and Indian relics collectors in the greatest show of its kind in Ohio.

It is the South Central Ohio Gun and Indian Relic Collectors Association meeting, but the flea market feature will spread over several acres of the Fairground and occupy all space in the three buildings utilized for the meetings.

The June meeting topped all others, with approximately 800 or more exhibitors, and an unusually large crowd of visitors.

This will be repeated Saturday and Sunday, if weather permits, and it would not be surprising if it establishes another new record.

"Trash and treasure" will be offered in abundance in the flea market phase of the big show, and those who wish to attend the extraordinary spectacle with no admission charge to visitors except a gate charge for automobiles, will really see something never to be forgotten.

FIFTY YEARS AGO

Polish troops were blamed for the first attack on Russia, and with Russians headed for Warsaw, efforts were being made to bring about peace and avert another war.

During an electrical storm

the Rev. John Timber, conducting a religious meeting under a tent, asked "If lightning should strike this tent tonight, how many of you would be ready for it?" A few minutes later lightning struck the tent killing one minister and two women, badly burning Rev. Mr. Timber and injuring several others, at Springdale, Ind.

A three-billion-bushel corn retired farmer and Civil War

crop was forecast for the U. S. Berry pickers near Waverly fled in terror when a huge snake, said to have been 12 to 15 feet long and six inches in diameter was encountered. During the previous two or three years reports of a similar snake in the area had been made.

William H. Plymire, 74, Financial Wizard Charles

veteran, and William W. Morris, Paint Township farmer, died.

A former mayor of Cleveland, Harry R. Davis, was nominated for governor on the Republican ticket, Gov. Frank B. Willis was nominated for U. S. Senator at the Ohio primary.

Mrs. Louisa Myers, mother of 12 children, died at 81 in Bloomingburg.

The Hagenbeck-Wallace Circus was scheduled to show

Penzi, of Boston, and several helpers were jailed while the federal government was probing his financial transactions reaching into huge sums.

For the third time in as many years, The Record-Herald was first in Ohio to report complete election returns.

The Washington C. H. Aug. 23,

at the Old Fairground.

A \$60,000 bond issue for enlarging and equipping the Bloomingburg School building was approved by voters.

Few local residents had a supply of coal, and the outlook for the winter was bad.

The Tennessee Senate ratified the women's suffrage amendment.

was in critical condition with an infected hand.

The B & O Railroad was rebuilding the S. Fayette Street crossing, and expected to improve other crossings of the road here.

R. J. Morgan, Patterson, N. J., wounded 22 times in the war, was killed by a bolt of lightning when he took refuge under a tree which was struck.

Heavy rainfall, badly needed to mature the corn and soybean crops. A serious outbreak of hog cholera was taking place in Ross County.

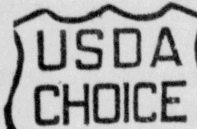

The Rev. Herman VanKirk, of former resident, died in Norton, stolen chickens left in a corn Conn.

Road Bids Are Opened In Columbus

COLUMBUS, Ohio (AP) — The Ohio Department of Highways opened bids Tuesday on the final section of Interstate 75 between the Ohio River and the Michigan line.

Pierce Construction Co. of Holland, Lucas County, submitted the apparent low bid of \$10.8 million for the 9-mile section extending from Central Avenue to Berdan Avenue in Toledo. The state estimate for the project was \$11.5 million.

Other major projects which figure in Tuesday's bidding by counties:

MARION — Widening and resurfacing 2.7 miles of Ohio 25 in Marion; apparent low bid C. F. Gerken Co., Napoleon, \$1.1 million; state estimate \$1.2 million.

ASHLAND - MEDINA — Construction of weigh stations on Interstate 71 in Ashland County and Interstate 80s in Medina County. Apparent low bid Mansfield, \$882,710; state estimate \$1,163,250.

HIGHLAND — Widening and reconstruction of an 8-mile section of Ohio 247 south of Hillsboro; apparent low bid Harley E. Calvin & Co. of Marietta, \$183,044; state estimate \$211,000.

SCIOTO — Surfacing 1.4 miles of Portsmouth State Park access road; apparent low bid Cary Brothers Contractors, Inc., Lima, \$335,960; state estimate \$546,000.

See Crisis In Real Estate Development

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — As Abel Berland sees it, real estate developers can rebuild America if America lets them. But he isn't so sure they will receive the

permission and that, he maintains, spells disaster.

Not surprisingly, Berland is a real estate man, president of the American Society of Real Estate Counselors, an elite group of 375 professionals who write C.R.E.—Counselor of Real Estates—after their names.

The situation arises, Berland says, because of the new tax law that greatly reduced depreciation advantages to developers, and because of steadily rising demands by the big money lenders, especially life insurance companies.

The new tax law, Berland says, has taken incentive from the developer. "He can hope for an 8 to 10 per cent return, but you can get close to that in

bonds, and without risk."

He may not even reach that figure, it can be presumed, if the lending situation continues to develop as it has during the past few years. Lenders now are not content just to lend; they want a piece of the action.

Berland feels, in fact, that they want four pieces: "They demand higher interest, and ask for 3 to 4 per cent of the gross profits, a free equity position, and part of the proceeds if the development is sold."

He maintains that if this continues, "lending institutions will, in fact, end up owning most of the choice real estate in the country." The situation already is seriously limiting construction activity, he adds.

One response of developers who cannot live with such deals is to approach corporations and sell them on the idea of a development as an inflation hedge—perhaps not incidentally, as a showcase for the company's products.

Berland believes this may be the real estate wave of the future, based on the ready acceptance by corporations of plans suggested to them by developers. The corporations have access to credit on a greater scale and on better terms than the single developer could ever hope to get.

Rising costs of land, labor and materials are forcing developers to think bigger, to put up enormous buildings in hope that costs can be cut by volume. That means more capital is needed.

In Chicago, where Berland presides over Arthur Rubloff & Co., a diversified real estate firm, some land prices have risen 500 per cent in the past decade.

Asked for an example, Berland relates how he assembled land for the new Sears, Roebuck building, projected to be the tallest in the world, at \$150 a square foot. "That same land was assembled at \$30 a foot a half dozen years ago."

Should the industry's problems be overcome in some unforeseen manner, the future could be a lot brighter than depicted, Berland concedes. "We are building up a demand not unlike that following World War II," he says.

Some 2.6 million housing units will be needed each year during the 1970s, for example, which is double recent rates. But perhaps an even bigger job is the development of more office space.

7080 MORE PERSONS ARE READING THE RECORD-HERALD EVERY-DAY THIS YEAR THAN IN 1956!

The Circulation of the Record-Herald has experienced a continual growth over the years and today, 33,372 individuals read it daily.

The reason for this consistent growth is its acceptance in the homes in this area. It offers something for everyone, whether it be local news, state news, international news, sports, fashions, humor, etc.

Another reason is the content and quality of the many advertisements. All local businesses find it the fastest and best method to tell their story of the many fine products and services they have to offer.

Daily Home Delivery is now provided to nearly all areas in Fayette County. Within the past year, seven motor routes were started to bring same-day delivery to the rural areas.

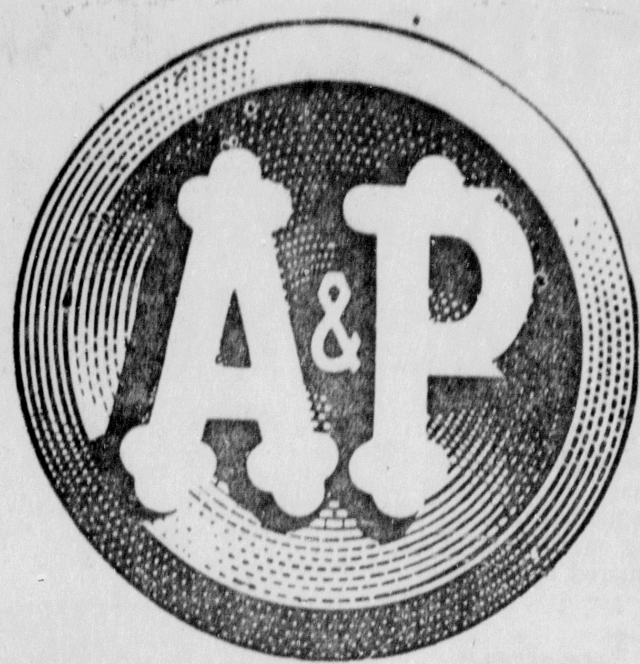

In the city and nearby towns, 52 carrier boys and girls provide this service.

If you are not a subscriber, join the happy group that does subscribe and phone us today. We'll start your delivery immediately. . .

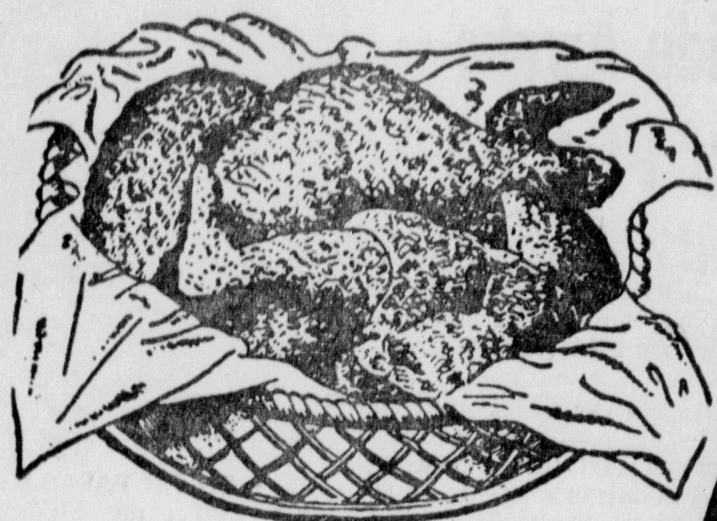

Our pledge to you.....

We'll Continue To Keep You Informed!

Bowers Blanks Kent On Brilliant Two-Hitter, 2-0

Miamisburg Next Foe In AL Tourney Today

By BILL SMITH
Record-Herald Sports Writer

Manager Russ Hatfield's Post 25 baseball team took a giant step toward an Ohio American Legion baseball title Tuesday by blanking Kent, 2-0, on the two-hit performance of Washington High School's Steve Bowers.

The victory was the second straight for the Pennington-Wilson sponsored team as the state tournament, which began with a field of 14 teams, was reduced to 10 Tuesday.

Eliminated were Ottawa, East Liverpool, Ashley and Leavittsburg. Remaining undefeated, along with Washington C. H. are Sandusky, Lancaster and Miamisburg. Remaining in the tourney, but with one defeat apiece, are defending state champion Cincinnati Budde, Bridgeport, Parma, Worthington, Sidney and Kent.

The Post 25 team will play Miamisburg at 1 p.m. today on Ashland College's diamond number two. Miamisburg has the best record in the tournament, 52-13.

BOWERS HURLED the South Central Ohio League champion Post 25 team to Tuesday's win by scattering two hits, both to Kent's leftfielder, Embacher. He fanned 13 batters and walked three to send his season pitching record to 8-3.

The mound performance was the second victorious one for the Post 25 pitching corps in two days. Monday, ace Bryce Brown scattered four hits to thump Leavittsburg, 7-1. In the two games, opponents have yet to score an earned run.

Expected to draw today's pitching assignment against the tough Miamisburg squad is Steve Bihl, although Manager Hatfield was to wait until game time to make the announcement.

Meanwhile, Hatfield relaxed team rules with two wins under

the belt and the squad was enjoying its leisure hours swimming and lounging in Ashland's comfortable dormitories.

MAY WAS the losing Kent pitcher, allowing two runs on nine hits and three walks. He fanned only four Post 25 batters in going the distance, and uncorked one wild pitch.

Post 25's bats boomed out a total of five extra-base blows including four doubles and a triple. Rightfielder Mike Mitchell paced the squad with two doubles in three official trips to the plate. Also stroking doubles were Jeff Balke, playing leftfield Tuesday, and catcher Bill Thomas. Steve Bowers collected the triple in the sixth inning.

Hitting singles were Dave Wackman, Randy Alkire, Marty Jones and Ty Ankrom. Blake and Ankrom drove in the two runs for Washington C. H.

Kent had a total of seven baserunners, but none got past second base. Two got aboard on hits, one on an error, three on walks and one on a fielder's choice as the Post 25 defense was superlative.

BOWERS' TRIPLE in the sixth inning led off what proved to be the winning rally for Washington C. H. It came after Steve Bihl grounded out and Mike Mitchell walked and was picked off base.

Jeff Blake slammed a double to score Bowers from third and then gained third, himself, on a passed ball. Ty Ankrom singled home Blake with the second run. David Wackman grounded out to end the inning.

Washington C. H. had baserunners in all innings except the second. They left the bases loaded in the fourth and had Mitchell aboard with a double in the eighth when Kent pulled the only double play of the game to end the inning.

IN OTHER GAMES Tuesday, defending champion Cincinnati Budde Post hit the comeback trail after an opening day loss to Worthington by nipping Ottawa, 5-3. Ottawa, also a first day loser to Sandusky, was eliminated from the tournament.

Also eliminated was East Liverpool as it fell to Bridgeport, 4-2. East Liverpool had lost to Miamisburg, 7-1, on Monday while Bridgeport was nipped by Lancaster, 2-1, in the opening round.

Parma defeated Ashley, 3-2, to stay alive after having lost Monday to Kent. Ashley was dropped from the tournament with its second loss. Sidney nipped Ashley on Monday.

The fourth team to be eliminated Tuesday was Leavittsburg, Washington C. H.'s Monday victim. Leavittsburg took a 6-4 loss from Sandusky in the tourney's second day.

Other games Tuesday included a 7-2 victory for Lancaster over Worthington. Lancaster remains undefeated and Worthington has one loss. Miamisburg kept its winning record intact with a 2-0 shutout over Sidney. Sidney is now 1-1.

Following Wednesday's action, the remaining field of 10 teams could be trimmed to six squads. The tournament is scheduled for conclusion this weekend with the winner advancing to the regional tournament.

Greg Cook Walks Out On Bengals

WILMINGTON, Ohio (AP) — Greg Cook, Cincinnati Bengal quarterback, did not appear for workouts Tuesday at the National Football League team's camp here and Paul Brown, coach and general manager, said he had no idea where Cook was.

Brown said Cook departed from the camp at Wilmington College after workouts Monday.

"When you walk out of camp it isn't easy to understand," said Brown of Cook.

Cook, complaining of throwing arm trouble, did not play Saturday night in the Bengals' opening exhibition game against the Washington Redskins.

Cook was named offensive rookie of the year in the American Football League in 1969.

Brown ordered the team to report to Wilmington Sunday after the veterans returned from a dispute over contracts with the league. They went into the game with only four days practice.

Sam Wyche and rookie Dave Lewis took over the quarterbacking chores in Tuesday's workouts.

Brown said the Bengals planned to claim several players who had been placed on waivers Tuesday but said he would not announce the names until today.

Joe Namath And Joe Kapp Still Pro Grid Holdouts

By BEN THOMAS
Associated Press Sports Writer

Al Atkinson says he'd like to talk to Joe Namath, but he doesn't know how to get in touch with the New York Jets' quarterback. Phil Iselein would also like to talk to Broadway Joe, but Iselein wants Namath to do the telephoning.

Atkinson, the Jet defensive captain, retired last week. He had some harsh things to say about Namath. Atkinson, hinting Tuesday that he may end his retirement, said of Namath: "I love Joe, whether he believes it or not. If I live to be 80, he will still be one of my closest friends."

But, he added: "It's just that over the last few years I have found it harder and harder to respect him."

"Joe knows where I am. I'm not hard to find," said Iselein. "All he has to do is call me."

And Namath? He has been seen around Manhattan, but he's not talking—at least for publication. Iselein says Namath told him he had problems. That's believed to be a synonym for more money, in this case.

Iselein says he's letting Weeb Ewbank, the Jets' coach and general manager, worry about Atkinson.

Atkinson told John Maginnis of The Associated Press Philadelphia bureau his thoughts about returning to the Jets centered around the injuries to Gerry Philbin and Mike Stromberg, other defensive stalwarts on the American Conference team.

"I do feel a certain obligation to the team," said Atkinson. "Something is working inside me. It doesn't have anything to do with what Joe does or doesn't do, but with Philbin hurt and Stromberg out, that leaves the Jets with nobody."

On the subject of holdout quarterbacks named Joe, the St. Paul, Minn., Dispatch said Tuesday it had telephoned Ewbank.

Joe Louis Given Tribute In Detroit

DETROIT (AP) — One of Detroit's most heroic sports champions—former heavyweight champion Joe Louis—will return to his hometown today to be on hand when fans pay him tribute with a night in his honor.

Boxing Retirement Plan Is Studied

MONTREAL (AP) — The boxing world will begin to take care of its own with a retirement annuity plan for professional fighters launched by the World Boxing Association.

bank and was told that the Jets aren't interested in Joe Kapp, whose demanding a whopping \$1.25 million from the Minnesota Vikings. He's been offered \$100,000 a year for three years.

"I'm not interested in him," Ewbank said. "I can answer that question quick. No player's worth that much."

Defensive back Mike Weger came to terms with the Detroit Lions and started working out Tuesday. The Lions also have cornerback Lem Barney without a contract, but Barney's been drilling while dickering for more dough.

Ray Parson, the Lions' No. 2 draft choice from Minnesota, underwent knee ligament surgery after being injured in the exhibition loss to the Kansas City Chiefs last Saturday. Parson, an offensive tackle, will be sidelined 10-12 weeks.

And there were these other tidbits Tuesday from the pro football training camps:

—Veteran Blanton Collier, Cleveland Browns' coach, says he's quite impressed by rookie Jerry Sher, a defensive tackle from Oklahoma State. Sher, according to Collier, has been paying attention to tips from the coaching staff and the rookie was able to get to the opposing quarterback in the Browns' exhibition game with Los Angeles.

The Browns also reported defensive end Jeff Steinberger, injured in the Ram game, will be lost for the season. Steinberger had knee ligament surgery Tuesday.

—Rodger Bird said he wanted the Oakland Raiders to trade him. Bird said Al Davis, managing general partner of the team, "will try to help relocate me." The former Kentucky star lost his starting defensive backfield job last season to rookie George Atkinson after he'd injured a shoulder.

The Raiders, incidentally, say they're continuing their policy of not announcing cuts. All the other teams do it, but not Oakland.

Only way to guess at the players the Raiders have decided to drop is to make a daily count.

Reds Smash N.Y. Mets, 8-1; Perez, Bench, May Homer

CINCINNATI (AP) — Tony Perez said he thought the grand slam home run he hit off Jim McAndrew of the Mets in the second inning Tuesday night "was the longest I ever hit."

Perez recalled that he hit one out of County Stadium in Milwaukee in 1965 "but this was longer. It was a high inside pitch."

"The Reds are a tough club," said Mets manager Gil Hodges after his club was bombed 8-1 by Cincinnati, piling up three homers and 14 hits.

"They're just lucky they've escaped Tom Seaver."

Seaver is not expected to pitch in the series here because of the pitching rotation.

On Perez' home run, said to have carried 500 feet into the top deck of the new Riverfront stadium, Hodges said "I think May's was longer. It was a liner and was more toward center field."

Lee May uncorked the Reds second blast but with no one on in the seventh inning.

"I don't care which one was the longest," said May. "I'm just glad it went out."

Perez, who had been in a slump in late July and early August, was elated with the blast.

"I feel like I'm getting my timing back and I need to push Bench a little."

Perez now has 35 home runs and 110 runs batted in. John Bench hit his 39th homer in the eighth inning with one on to boost his RBI total to 113. They

are one-two in the majors. Gary Nolan picked up his 15th win against four losses, his major league high. His shutout effort was marred when Cleon Jones homered in the ninth in-

ing for the New Yorkers' lone run. "It was a fast ball and I thought it was a good pitch," said Nolan. "He's simply a good hitter."

Lee Trevino Wide Awake For PGA Tilt

TULSA, Okla. (AP) — Lee Trevino is back from his Mexican holiday, fully rested and with a roomful of alarm clocks set for the PGA Golf Championship.

"I won't oversleep on this one," the voluble Mexican-American said today, referring to his failure to make the starting time in the \$250,000 Western Classic a couple of weeks ago, thus blowing a chance at a \$150,000 paycheck.

"My wife's got an alarm clock. My in-laws all have alarm clocks. They're not going to let me miss this time."

Trevino, who has a 9:07 a.m. EDT start, is one of the prime favorites in this 52nd national tee party of the pros along with British Open winner Jack Nicklaus, U.S. Open titleholder Tony Jacklin of Britain, Masters king Bill Casper, Arnold Palmer and Gary Player.

A field of 135 will tee off Thursday over the 6,962-yard Southern Hills course which the pros describe respectfully as a "heavyweight giant with a minimum of birdie opportunities."

"There's not a makeup hole on the premises," warned Palmer. Ben Hogan, the four-time U.S. Open winner, decided the demanding layout and Tulsa's sweltering heat were too tough for his ailing left knee. He withdrew, as did Harold Henning of South Africa, who is ill.

Trevino called Southern Hills "one of the toughest courses I've played—you can bet there's not a man in the field that won't have one round of at least 74."

"The fairways are about 25 steps across and they'll all bend. That makes them about 18 yards in the hitting area. The par 3 holes are all tough and the par 5, will really put pepper in your salt."

The Indians and A's play again tonight with the A's Rollie Fingers, 5-9, up against Steve Hargan, 6-2.

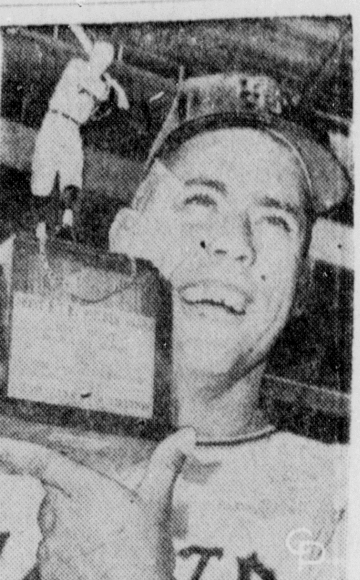

The A's trailed 4-2 in Tuesday night's action but battled back with a four-run fifth inning that pulled out the victory. Catcher Frank Fernandez, who drove in four runs in the game, singled to drive in the final two in the rally.

A's Manager John McNamara defended a move he made in the eighth inning of Tuesday night's game that caused some controversy.

With two out and runners on first and third, and Reggie Jackson scheduled to bat, Cleveland manager Alvin Dark called in left-handed pitcher Rick Austin to pitch.

McNamara sent rookie Bobby Brooks up to hit for Jackson. Brooks struck out to end the inning.

McNamara explained: "We're scratching to get runs any way we can. Jackson hasn't been hitting left handers, so I sent up Brooks."

NO. 1 ON HIT PARADE — And that's no kidding, either, for Ron Hunt, Giants' infielder, is just that after being hit-by-the-pitcher for the 119th time in a recent game. Hunt holds an award given him by the Medic Alert Foundation. Hunt's 119 breaks the N.L. mark held by Bird's Frank Robinson.

Oakland Trips Cleveland, Eyes Pennant

OAKLAND (AP) — Pennant fever is raging amidst the Oakland Athletics.

The A's out-dynamited the Cleveland Indians Tuesday night, giving them their fourth straight victory and moving them into second place, six games behind the Minnesota Twins in the American League West.

"It's still an uphill battle," A's team captain Sal Bando admitted. "But now I think most of our players feel we can catch the Twins."

The Indians and A's play again tonight with the A's Rollie Fingers, 5-9, up against Steve Hargan, 6-2.

The A's trailed 4-2 in Tuesday night's action but battled back with a four-run fifth inning that pulled out the victory. Catcher Frank Fernandez, who drove in four runs in the game, singled to drive in the final two in the rally.

A's Manager John McNamara defended a move he made in the eighth inning of Tuesday night's game that caused some controversy.

McNamara sent rookie Bobby Brooks up to hit for Jackson. Brooks struck out to end the inning.

McNamara explained: "We're scratching to get runs any way we can. Jackson hasn't been hitting left handers, so I sent up Brooks."

Phils Stop Astros; Bunning Sets Record

By TOM SALADINO
Associated Press Sports Writer

A tired, but happy Jim Bunning just missed completing his milestone triumph but couldn't resist watching the dramatic ending as a last-ditch Houston rally fell short, gaining the Philadelphia veteran a place in baseball history.

The 38-year-old right-hander, who captured 118 victories with Detroit of the American League, notched his 100th triumph in the National League Tuesday night in the Phils 6-5 decision over the Houston Astros. Cy Young was the only other hurler to win at least 100 games in each league.

The veteran of 15 major league seasons was coasting with a 6-1 lead, limiting the Astros to six hits, until the roof fell in the ninth.

"I said, 'oh, no not again,'" Bunning said afterward, referring to an Aug. 1 game against San Francisco when he left the

game leading 5-4 in the ninth; then Willie Mays homered off reliever Dick Selma, prolonging Bunning's quest of his historic 100th triumph.

This time however, Selma came up with two outs to bail out Bunning, whiffing Jesus Alou with two Houston runners on base.

In other NL action, Los Angeles edged Pittsburgh 5-4, Cincinnati bombed the New York Mets 8-1, Chicago stopped San Francisco 4-1, St. Louis nipped San Diego 11-0 and Atlanta blanked Montreal 1-0.

Bunning, increasing his mark to 9-11, struck out five and didn't walk a batter as he became the second pitcher in major league history to win 100 games in each league. Hall of Famer Young, 1890-99, won 249 American League decisions and 262 in the National.

"I had extra good control but it went bad in the ninth. I made

some bad pitches," Bunning said.

In that inning, Houston's Joe Morgan opened with a homer and four singles and three runs followed. Joe Hoerner came on and issued another hit before Selma got the last out.

"Maybe I should have walked somebody to stop the rally," Bunning, the father of nine, quipped.

"When I came out, I started up the ramp, but then came back to watch the end. I always like to finish but I was tired out there in the ninth, the right-handed nine-time All-Star said.

Don Money drove in three Phils' runs with a double and single and Deron Johnson added a pair of run-scoring doubles.

Billy Grabarkewitz clubbed a three-run homer and Claude Osteen, 12-10, won his first game in six weeks with relief help, as the Dodgers stopped the Pirates, who remained 2 1/2 games

ahead of the Mets in the tight East Division scramble.

Tony Perez crashed a tape-measure 500-foot grand slam homer and Gary Nolan scattered seven hits in winning his eighth straight triumph.

Perez' homer was his 35th and the longest hit in Cincinnati's month-old Riverfront Stadium. It came off Mets' loser Jim McAndrew, 6-11, and was enough for Nolan, 15-4, who struck out six. He lost his shutout in the ninth on Cleon Jones' homer.

John Bench, the majors' leader in homers, rapped his 39th and Lee May had his 24th for the Reds, runaway leaders in the West.

Randy Hundley's two-out single snapped a 1-1 tie in the sixth inning, helping the Cubs edge to within 4 1/2 games of the Pirates. Ferguson Jenkins, 14-13, twirled a three-hitter for Chicago, holding the Giants hitless after the

third inning.

Ron Santo cracked a two-run homer in the eighth for the Cubs while Joe Pepitone slammed a pair of doubles.

A grand slam homer by Carl Taylor, his first ever "even in the Little Leagues," capped a five-run ninth inning Cardinal explosion as St. Louis ran its hot string to 11 victories in 13 games.

Taylor, a pinch hitter for winning reliever Harry Parker, 1-0, climaxed a Cardinal uprising which saw them come from an 8-1 deficit, scoring 10 of their 11 runs in the final three innings.

Ollie Brown drove in four Padres runs with three hits, including a homer, while Joe Torre had a solo blast and Lou Brock four hits for the Cards.

Senators Upset Twins, Win 3-2

By DICK COUCH
Associated Press Sports Writer

Tricky hops aren't doing Bill Rigney's ulcers any favors ... and neither are the bouncy Oakland A's.

The Washington Senators upset Rigney's suddenly stumbling Minnesota Twins 3-2 Tuesday night on Paul Casanova's bad-hop double in the 11th inning.

The Senators broke a 2-2 deadlock in the 11th when Ed Brinkman singled and raced home as Casanova's drive to left skipped over Rick Renick's head and rolled to the fence.

Minnesota's Harmon Killebrew slammed his 36th homer—and third in as many games—with one on in the first inning. The Senators tied it in the eighth on Aurelio Rodriguez' two-run wallop which thwarted Jim Perry's bid to become the first 18-game winner in the majors.

The A's, who started the Twins' skid by taking the last three of a four-game set at Minnesota last weekend, struck for four runs in the fifth inning to wipe out a 4-2 Cleveland lead and then held off the Indians behind the solid relief pitching of Jim Roland.

"All of a sudden, our confidence has become a big factor," said Frank Fernandez, who drove in four Oakland runs with

singles in the fourth and fifth. "A week ago, that wasn't true."

Paul Blair and Brooks Robinson slammed two-run homers off Andy Messersmith in the first inning and Frank Robinson, making his first start in a week, also homered as the Orioles protected their 9 1/2-game bulge in the AL East.

Mike Cuellar scattered four California hits for his 16th victory of the season and sixth in

succession against the Angels over the last two years.

The second place Yanks hit four homers for the first time this season, Jake Gibbs poling a pair

Fayette County 4-H Group At Camp Clifton This Week

More than 130 Fayette County 4-H club members are spending this week at Camp Clifton, near Yellow Springs.

The counselors are Carol Wallace, Kathy Browning, Joyce Armintrout, Jo Rowe, Sue Ann McCoy, Patti Pendleton, Joanne Beatty, John Hiser, Richard Owens, Gary Spears and Mike Thompson.

VIETNAM BOUND — Spec. 4 Frederick S. Seymour Jr., who recently spent a leave with his parents, Mr. and Mrs. Frederick S. Seymour Sr., Rt. 1, has been assigned to Vietnam as a clerk-typist. He will be stationed in Saigon. He is a MTHS graduate.

Blaze Destroys Sets For TV

BURBANK, Calif. (AP) — A three-alarm fire destroyed sets for the television series "The Partridge Family" and "Young Rebels" and badly damaged two others at Columbia Ranch Studio, officials said.

A studio spokesman said there was no immediate estimate of the loss Monday night when flames raged through the false-front structures. There were no injuries.

He said production of "The Partridge Family" and "Young Rebels," both planned for viewing this fall, will not be interrupted.

Letters of marque were licenses to fit out armed vessels and employ them in the capture of an enemy's merchant shipping.

Rhodes Sets Austerity

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes, who came into office on an austerity theme, plans to leave it the same way.

A spokesman said Tuesday Rhodes will order a freeze on state hiring, travel and other spending during the waning days of his term, which ends Jan. 11.

Rhodes plans to order the austerity steps after returning from the National Governors Conference at Lake of the Ozarks, Mo.

James Duerk, an aide to the governor, said the order also will bar the purchase of non-essential supplies.

In addition, Rhodes will order that all state bills be paid so that the books will be clear on inauguration day, Duerk said.

Rhodes was barred by law from seeking a third term. He unsuccessfully sought the Republican nomination for U.S. Senate last May.

Computer Proving Major Boon In Travel Reservation Work

By MICHAEL FOSTER
Central Press Association

THE COMPUTER, which has revolutionized American business and is starting to make radical changes in our personal lives, too, also is working miracles in the booming travel reservation business, which has quintupled to over \$250 million gross in a brief five years.

As an example, William G. Lucas, board chairman of Telemax Corporation, points to Tom Jones and his missus. They want to travel to Los Angeles to visit their son and his family for 10 days, and because quarters are cramped in the son's home they've decided to stay at a motel.

Also, to give them maximum sight-seeing freedom — the redwoods on the Coast are gorgeous at this time of year — the Joneses want to rent a car. And they are going to fly out.

SO THEY drop in at the local travel agent's office, tell him the kind of room they want, that they want it for 10 days, that they want to rent a car during their stay, and they also want him to take care of their first-class plane tickets.

As they watch, the travel agent starts punching the keyboard of a digital message encoder — a reservations computer terminal, in layman's language. His query travels over leased lines to Telemax's computer center in Fairfield, N.J.

There it queries the computer for the rooms, and for a rental car. Back comes the answer: The Joneses are registered for 10 days at the motel, and when their plane arrives at Los Angeles Airport, a car will be

awaiting them. All this took five seconds!

ADD A few more seconds, as the travel agent punches a few more keys on the Telemax terminal, and their first-class round-trip tickets are confirmed to Los Angeles and return 10 days later.

Lucas explains that the Univac 494 computer, which nailed down the Jones' reservations in seconds, where it used to take hours, maybe even days, to get wires out to the coast and back again, accomplished that seeming miracle because it operates in millions of a second.

"Telemax has more than 75,000 miles of leased lines all over the United States, including Honolulu, and to Canada and Puerto Rico, to which hotels, motels, rent-a-car offices and airlines are connected as well as travel agents," Lucas noted. "We also plan to hook up a leased cable to Europe by the year's end, to give Americans — and vice versa, Europeans who want to travel to the United States — the same virtually instantaneous travel reservation service they now get in this country."

Telemax stores information in its Fairfield computers for more than 350,000 rooms and more than 80,000 rent-a-cars. It also has developed a travel agent airline availability system for airlines that carry passengers all over the world.

This system will provide economical storage for airline reservations and easy access to these for travel agents and prospective passengers.

TO FURTHER serve millions of American travelers, Telemax has developed a central telephone sales office in Omaha, telephone service (800-228-9290) from anywhere in continental United States.

Upon receiving a request for hotel and car rentals, the Telemax telephone staff in Omaha queries the computers in Fairfield through a battery of cathode ray terminals and receives instantaneous response. This means any of the 200

to the vacation you want to take.

And it will make it possible immediately to ascertain where to go in your local department store to get your shoes, your wife's dress, your son's toys, etc., and how much they'll cost — plus automatic and accurate billing when you make your purchases.

"By the end of the 1970s," Lucas predicts, "it will be No. 1 among American industries, even bigger than the automobile business."

Open-End Buses Near End Of Run

PARIS (AP) — Those Paris buses with the open platforms at the rear are coming to the end of their run.

The transit authority announced Monday the buses will be replaced before December by closed-in models. Ten will be kept for a museum. The other 40 or so will be sold for \$830 each.

WCHO TOPS Club Picnic Planned

Members of the WCHO TOPS chapter met in Eastside School Monday evening, when it was announced that Team I had won the weight-losing contest that had run for the past eight weeks.

Team II will provide hamburgers and the other food for a picnic next Monday.

Weigh-ins will be from 5:30 to 6:30 p.m. at Eastside School, then the group will go to Washington Park for the picnic.

Crowned as queens for the week were Mrs. Homer Chaney and Mrs. Ruby Forest, who tied in weight-loss.

Mrs. Emmett Campbell announced a new money-making project is planned for Oct. 3.

Mrs. Forest Stevens told the group her success story of how she had lost weight to meet her desired goal.

First time ever at these prices!

Firestone *Deluxe*
Champion

SUP-R-BELT

2nd the DOUBLE-BELTED tire that's original
Tire equipment on many NEW 1970 CARS

1/2 PRICE

When you buy the 1st tire at our low everyday exchange price (Plus F.E.T.)

Read how this great tire gives you better performance and years of extra mileage

• TWO STABILIZER BELT PLYS reduce tread scrubbing — major cause of tire wear — to give you thousands of extra miles.

• LARGER TREAD FOOTPRINT gives extra traction where you need it most — on wet, slippery pavement.

• LOW, WIDE 78 PROFILE gives you quicker steering response and the new modern look of today's sleek low cars.

• GREATER PUNCTURE AND IMPACT RESISTANCE — double belted construction gives almost twice the impact resistance of ordinary tires.

All comparisons relate to previous Firestone Deluxe Champion Tires.

Social Security Checks 'Found'

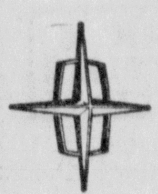

INDEPENDENCE, Mo. (AP) — A mail sack full of 2,200 Social Security checks lost last

week has turned up finally, but no one knows where it was lost.

The checks, totaling \$191,400, were supposed to be delivered to their owners Monday, Aug. 3, but were not received at the Independence Post Office.

The U.S. Treasury Department wrote a new batch of checks and they were delivered. Then the first sack was found and the checks sent back to Washington.

TV Viewing

By CYNTHIA LOWRY

AP Television-Radio Writer

HOLLYWOOD (AP) — During Martin Milner's 10 years on television, six have been behind the wheel of an automobile.

Milner guided a sports car through four hectic years of "Route 66." Most of the time, his partner in adventure was George Maharis.

When the series went into syndication, Milner moved on to motion pictures and some TV guest shots. Two years ago he climbed into the driver's seat again, this time as Officer Pete Malloy, shield 744, of "Adam 12." Jack Webb's tribute to patrol-car policemen with incidents adapted, as in "Dragnet," from the Los Angeles department's files.

"Adam 12"—radio identification of the squad car—now goes into its third season, with Milner happily adjusted to police procedures and still counting his blessings. The series may have two days of shooting on location for every one in the studio, but the locations are in Los Angeles. "Route 66," by contrast, was filmed entirely on location all over the United States.

Milner now is so securely blocked into Southern California and the five-day week that he recently acquired a 24-acre avocado farm just north of San Diego where he is building a new home for his family, which includes three children.

Where "Dragnet" concentrat-

ed on one crime from the call for detectives to solution, "Adam 12" purports to reflect the average day of a patrol car team. Milner and his partner, a probationer played by Kent McCord, are likely to handle in rapid succession incidents ranging from a quarreling couple to homicide.

"There is a real police officer assigned to the series—he's from the department's public information office," Milner said. "He checks scripts and action and is around to give us advice on handling situations. If we're rolling in on an armed robbery, for instance, he'll tell us how to disperse police personnel. Recently he showed us how to cuff two men together in a situation where we had only one set of handcuffs."

Milner and McCord now are skilled in the proper handling of evidence. "We would never pick up a gun with a handkerchief," he said. "That might smudge any prints. We would pick it up by inserting a pencil in the barrel or by the trigger guard."

During the seasons when television was under heavy criticism for violence in entertainment shows, cops-and-robbers stories were out of favor with network programmers. In recent seasons, however, they have been making a come-back. When September premieres start, police-action will be one of the most popular categories in prime evening time.

Your Horoscope

The Stars Say—By ESTRELLITA

For Tomorrow

EXCELLENT stellar influences should bring great happiness to the married, as well as fostering new romance among the single. Also favored, under a beneficent Venus aspect, are artistic and cultural pursuits.

For The Birthday

If tomorrow is your birthday, your horoscope indicates that you are presently in a period in which it would be advisable to make constructive plans for advancing all of your material interests. On the occupational score, for instance, ideas for new projects, launched now and cleverly followed up, should produce fine results during a splendid 3-month cycle beginning on Sept. 1 and ending on Nov. 30. Do not let down in efforts then, however, since, with continuing effort, you can make still further progress during January, March and June.

Where monetary interests are concerned, you can look forward to another excellent 3-month period for making gains — this one to encompass the last three months of 1970. In-

creased assets will accrue, however, only with conservative management — most likely through additional earnings and/or yields from sound investments. Do not hope to enhance profits through speculation for the balance of 1970 — especially in early September, early October and late November. And do avoid extravagance during the latter half of this month and during the first two weeks of April, when temptations to spend beyond your means will be strong. Most propitious periods for fiscal interests in early 1971: March, May and June.

For those who are single, the most auspicious periods for new romance and/or marriage will include the balance of this month, October, late December, next March, May and June. Best periods for travel: The next two weeks, September, February, May and June.

A child born on this day will be extremely versatile; depending upon his inclinations, could succeed in the business-financial world, in jurisprudence or practically any of the arts.

Ohio Welfare Payments Said Lagging

COLUMBUS, Ohio (AP)—Welfare Department reports fail to tell the true state welfare story and read like the "Wonderful World of Ohio," a legislative committee was told Tuesday.

Dr. Leonard Schneiderman referred to a state-published magazine by that name in contending the department's annual reports do not explain why the state falls short of its own recommended payments.

The Ohio State University sociologist said the reports also fail to outline the needs and shortcomings of the department. Schneiderman testified during a day-long hearing before the General Assembly's joint study committee on public assistance. He called for restructuring and refinancing of the welfare system to prevent the continuance of poverty from one generation to another.

Statistics, he said, show that 75 per cent of the children on Aid to Dependent Children never finish high school. "They relieve the poverty of their parents."

Thane Griffin, director of governmental relations for the Ohio Citizens' Council for Health and Welfare, said the state fails to provide assistance to the poor at the levels it sets as minimum standards.

Water is called the greatest of all solvents. It dissolves to a greater or lesser extent almost all substances with which it comes in contact.
